Top Industrialists and Financiers Optimistic About Decline From Present High Cost of Commodities

VANCOUVER—Canada's top financiers and industrialists, here for meetings with the board of directors of the Bank of Canada, are optimistic about the decline of present high prices. Graham F. Towers, governor of the Bank of Canada, said consumers might soon get a break, possibly before the year's end.

Listed as favorable factors were declining food prices in the United States and general bountiful crops.

I. K. Johnson, Toronto, general manager, Imperial Bank of Canada, said the market trend was changing from the sellers' to the buyers' side. He said: "There may be some readjustment but there need be no fear for the future."

Mr. Towers foresaw removal of some of Canada's austerity restrictions as the dollar position improves.

INDIA READY FOR HYDERABAD RULE

NEW DELHI—India is prepared to take over the government of Hyderabad as soon as the Indian troops—already deep in the princely state—win control.

At the same time, a military communique said spearheads of the Indian forces were pushing toward the capital from the east and west and are only 125 miles apart.

PARIS—United Nations Security Council met today to consider the war in Hyderabad. The council's first business was to decide whether India's invasion concerns the council. Hyderabad is seeking a cease-fire order, the withdrawal of Indian troops and mediation by the United Nations.

India contends this is a "strictly domestic affair" and outside the council's jurisdiction.

BULLETIN—The UN Security Council voted 8-0 today to look into the war situation in Hyderabad. China, Russia and the Soviet Ukraine abstained from voting.

RESTRAIN B.C. ARTHRITIS "HEALER"

PORT ALBERNI, B.C.—Lou Green, whose arthritis treatment was investigated by a provincial government commission was ordered not to dispense medicine after Saturday.

Green, a layman who claims his treatment have helped sufferers, has been restrained from continuing treatments by the federal inspector of patent medicines. Green's lawyers have applied to Ottawa for a patent.

FRENCH STRIKE WAVE SPREADING

PARIS—The strike wave spread today through France's aviation and automobile and steel industries, touched off by demonstrations in which more than 100 police and 30 workers were injured. Many of the strikes were communist-led, and held the threat of further clashes with police.

However, discontent among the non-communist workers, under terrific pressure from the reds to join in the walkout, was growing.

FRENCH GOV'T HIT ON BOTH SIDES

PARIS—France's five-day-old government, bludgeoned from left to right, teetered perilously today. While Premier Henry Queuille wrestled with an emergency financial measure, a wave of strikes spread through the country. On the right, followers of General Charles De Gaulle pushed a campaign for national elections.

PRAVDA DENOUNCES LIE AS U.S. TOOL

MOSCOW—Pravda, the Communist Party newspaper, today said "Anglo-American colonizers exposed themselves" at the big four meeting on Italy's pre-war colonies this week in Paris.

It also denounced Trygve Lie, secretary-general of the United Nations, as an obedient tool of Britain and the United States. The article criticizes the refusal by western delegates to consider new Soviet proposals.

38 RESCUED FROM ABANDONED SHIP

NEW YORK—Twelve crew members were rescued from the stricken British steamship Leicester in mid-Atlantic, the United States Coastguard said. The Leicester, believed to have a crew of 42, was said to have been abandoned.

The R.C.A.F. reported in Halifax later today that 38 crew members of the abandoned British ship Leicester had been picked up by two other vessels and the remainder of the crew lost.

NEWFIRES FEEL EFFECTS OF HURRICANE

ST. JOHNS, Nfld.—A hurricane-bred deluge struck this capital yesterday, causing one death and heavy damage throughout the city and surrounding country. Three-year-old Morning Winsor died when her home was crushed in a landslide caused by torrential rain.

AUSTRIA FACED WITH GENERAL STRIKE

VIENNA—Communist party officials predicted yesterday communist-sponsored strikes would be staged in industries throughout Austria for a 25 per cent wage increase. Government sources are confident there will be no general strike.

"DRY FORCES" RALLY TO BEAT LIQUOR VOTE

Irregularities in Benvoulin Vote Charged at Private Meeting

Some 35 representatives from the city and district gathered at First United Church Hall last week to plan ways and means to rally the "dry" forces if and when Kelowna votes on the beer by the glass question.

Rev. D. M. Perley, First United Church, was acting chairman of the meeting. An executive committee was formed, but according to members on the committee, a chairman has not yet been named.

Representatives at last week's private meeting were reported to have charged certain irregularities in voting gave the victory to the "wets" in Benvoulin. Charges were also reported to have been made that Kelowna voters are now being misled by those preparing the necessary petition before the government will allow a vote here.

The Cou. was told this morning by one of the members of the committee: "We have nothing further to say at the present moment."

ARENA HEADS INTERVIEW APPLICANTS

Members of the Kelowna and District War Memorial Arena Commission conferred last night to consider the numerous applications for the position of manager.

Local applicants were personally interviewed, and it is understood the applications have been whittled down to about three likely prospects. However, the commission is still studying outside applications, and letters have been sent to several men.

"We will probably appoint a manager within the next week or so," George E. Brown, chairman of the Commission stated.

Next week the commission will meet representatives of various service clubs and other organizations with a view of getting their co-operation insofar as the future operation of the arena is concerned.

OFFICER TRANSFERRED

Special Constable Lon Godfrey, 778 Bernard Ave., who was taken on the strength of the B.C. Police, Kelowna Detachment, this summer, now has been transferred to Williams Lake, B.C.

Okanagan's 1948 Apple Crop Threatened by Lack of Power

What's a Poor Girl to Do?

By REIDFORD

Harvesting Of Macs Will Be In Full Swing Early Next Week, States Loyd

Approximately ninety per cent of the 1948 peach and prune crop has been shipped from the Okanagan Valley, and the deal should be completed the latter part of next week, A. K. Loyd, president and general manager, B.C. Tree Fruits, stated this morning. Harvesting and packing of the McIntosh apple crop will be in full swing the beginning of next week, although picking in many orchards has already started. On the whole, size of Macs is below previous years, but the color is said to be excellent.

The high wind which struck the Okanagan Valley last Tuesday, did not do any extensive damage, although light hail was reported in the Kamloops, Westbank and other areas surrounding Kelowna. Some fruit was blown off the trees, but Mr. Loyd did not think damage would be extensive.

Car Shipments

Car shipments are about 1,000 cars below last year's figures, due largely to the lateness of the season. To date a total of 3,757 cars have left the valley, compared with 4,752 at the same date last year, and 4,538 in 1946. Warm weather during the past week or so has speeded up shipments, a total of 785 cars being shipped to distant markets. Daily shipments commencing September 5 were: 12; 47; 114; 133; 126; 155; 198.

Referring to the movement of fruit, Mr. Loyd said the demand for peaches and prunes continues good, adding that about 90 per cent of both peaches and prunes have been shipped. Bartlett pears are finished, with demand for Flemish pears good. First deliveries were satisfactory, market reports indicate.

Demand for Wealthy apples is good, with movement increasing due to export orders. About 50 per cent of Hyslop crabapples have been shipped to date. Movement of tomatoes is normal for this time of the year, while the shipping of No. 1 onions has already commenced. Onion shipments should increase next week. Demand for other types of vegetables continues slow.

CITY GRANTED AIRPORT PERMIT

W. S. Lawson, Department of Transport, has granted the city a licence for the civic airport.

Mr. Lawson was in the city on Tuesday and made a thorough inspection of the field.

Bedding From Tourist Cabin Stolen By Thieves

Mattress, Pillows, Sheets, Blankets and Towels Taken from Kuffy's Court

Percy McCullum has lost faith in human nature! More than that—he lost everything but the beds in two of his rooms of Cabin 12 of his Kuffy's Court on the Vernon Road, at the city limits.

A couple rented Cabin 12 Sunday night. When Mr. McCullum returned at 1:30 a.m. Monday, all was well in his little domain. But later that morning he discovered the daring couple had made off with two spring-filled mattresses, four pillows and pillow slips, four sheets, four pairs of blankets, two spreads and comforters, a number of towels, and a bathroom mat.

The bold thieves left the stove, pans and other items in the kitchen untouched.

Intensive search by B.C. Police so far has been futile. The couple is believed hiding out in this vicinity or to have fled the Okanagan before the alarm was given.

Mode of arrival and exit of the cabin raiders is a mystery. Mr. McCullum told police he didn't hear anything unusual during the early hours of the morning. Only persons who might have shed light on the mystery was another party in the next cabin, but they checked out before the loss was noted.

Police say value of the stolen articles was \$175. Many of the articles are stamped with the Kuffy's Court name.

"That's a novel way of furnishing a home," said Mrs. McCullum philosophically.

With no further explanation, she said: "We'll see that it doesn't happen again."

Shrubs Necessary?

Should the city go to the expense of planting small shrubs at the foot of Bernard Avenue, overlooking the lake, or would a well-seeded lawn fill the bill without trees?

This proved a poser for city council Monday night, and before any action is taken, Mayor W. B. Hughes-Games suggested the matter be held in abeyance pending public reaction.

The city recently widened the street at the foot of Bernard, and when the ground is levelled off, the area will be very attractive, especially to visitors entering the city.

A request will be made to the provincial government to extend the lake wall north to the ferry wharf, and level off the ground in a similar manner.

JEEP DRIVER IS INJURED IN ACCIDENT

Vehicle Crashes Broadside into Pole on Vernon Road and Harvey Ave.

A Belgo jeep driver required hospital treatment late yesterday afternoon for injuries received when the vehicle crashed broadside into a pole at the Vernon Road-Harvey Ave. intersection at about 5 p.m.

Edward A. Jurassovich was taken to hospital by ambulance but was released a short time later. Miss Pat Fabian, woman passenger in the jeep, escaped unhurt though the jeep was damaged extensively.

Jurassovich told police the accident occurred in trying to avoid colliding with another vehicle approaching in the opposite direction. The jeep was covered with the necessary "pink slip."

CATHOLIC HEAD VISITS KELOWNA

Most Rev. Martin Johnson, Bishop of the Catholic Diocese of Nelson, arrived in the city Tuesday during the course of a tour of this part of the diocese.

While here he addressed members of the Catholic Youth Organization and Knights of Columbus. The bishop was accompanied by his secretary, Rev. R. D. Anderson, Nelson.

LOCAL POLICE SUBDUE LOGGERS

Corporal Bill Davidson and Constable John Murdoch had several trying moments yesterday quieting a burly logger who was on the verge of running amok.

Complaint of the logger's behaviour was received by police yesterday morning. The two officers drove to the logging camp 24 miles away and finally persuaded the logger to return with them.

A special police escort will take the logger and another mentally ill patient to the coast for observation and treatment.

Situation Desperate State Fruit Heads As Many Motors Burn Out In Packinghouses

LAKE LEVEL	
Level this morning	103.45
Level on Monday	103.55

1948 peak level (June 28)	104.82

Start Work On Cutting New Channel

Hope to Increase Water Flow from Okanagan Lake When Project Completed

Work has started on cutting a new channel for the Okanagan River near the Osoyoos sawmill. The Courier was informed this morning.

Provincial and federal government engineers are on the job, and a drag line has been located on the site. A. McNaughton, field engineer, Kelowna, is in charge of the project.

This is the first attempt undertaken to increase the flow from Okanagan Lake, and stemmed from a joint meeting of the Okanagan Flood Control Committee and provincial and federal government engineers.

It is understood that when the new river channel is cut, the next move will be to lower Skaha Lake so that the flow of water between Okanagan and Skaha Lake can be increased. No estimate was given as to how long it will take to complete the work.

UNION DENIES ASKING BOOST IN WAGE SCALE

Denial that the local union of Brotherhood of Electrical Workers had made a request for an increase in wages for the city electrical workers, was made in a letter to city council Monday night.

Text of the letter, written by L. A. McClure, recording secretary of local union 1409, International Brotherhood of Electrical Workers, reads as follows:

"There seems to be some misunderstanding as to no communication has been addressed to the city council by this union regarding an increase in salaries and wages of the city electrical workers."

"Therefore it appears that the communications you received, dated 16th and 27th of August, came directly from the workers, and this union is not involved."

FIND SPECIAL PATROL CUTS DOWN LOSSES

Losses by either theft or fire in the industrial section of the city during the past year were reduced almost to a negligible amount, due to the institution of a special patrol last year in the industrial area.

Report of Patrolman G. K. Kristjanson, special constable, B. C. Police, at the end of a year's service, showed the results of checking all buildings in the area.

He found 329 doors open or unlocked during that period and 24 porches open or unsecured. Forty-two ground floor windows were open or unsecured.

Another result of the patrol was several convictions in co-operation with the B.C. Police. Four of the convictions were for attempted theft of property with fines and costs amounting to nearly \$300.

COALITION MEET HERE POSTPONED

The coalition meeting which was to have been held in the Zenith Hall last night to choose a candidate for the forthcoming South Okanagan by-election, has been postponed for one week.

Reason given was that Hon. Herbert Anscombe, who was to be chief speaker, was unable to attend. Bruce Woodsworth, Westbank high school teacher and son of the late Senator Woodsworth, was alternate founder of the CCF movement, has been chosen by that party to contest the by-election.

Next meeting of the Kelowna Traffic Committee will be held in council chambers on Thursday, September 30.

Charge Made that West Kootenay Delivering Insufficient Power to City—Power Company Officials Deny Statement—Only 25 Per Cent of Motors in Packinghouses at Present Being Used—Fruit Officials Worried Over Power Situation When Macs Start Rolling in Large Quantities—Six Motors Already Burned Out in Storage Plants

Serious Blow To Fruit Industry

Loss of the South Okanagan's 1948 apple crop is threatened as a result of insufficient power to operate packinghouse machinery between here and Oliver. Charges that the West Kootenay Power and Light Corporation is supplying the City of Kelowna with insufficient power, were hurled at the power corporation by Mayor W. B. Hughes-Games and by Harry A. Blakeborough, superintendent of public utilities. Already six heavy motors used for compressors to keep the packinghouses at an above-freezing temperature, have been burned out in several Kelowna packinghouses due to low voltage, while four motors have burned out at Penticton, and the same number at Oliver.

"The situation is desperate," L. R. Stephens, secretary of the Okanagan Federated Shippers stated today. Mr. Stephens pointed out that less than 25 per cent of the motors in packinghouses are at present being used, but when picking of McIntosh apples gets underway next week, a serious situation may arise.

Bert McKim, local superintendent of West Kootenay, declined to comment on the power shortage, other than to say the matter is being studied by top executives of the power company. F. A. Lee, general superintendent, is expected in Kelowna within the next day or so.

Packing house managers held a meeting earlier in the week and City Council discussed the matter at great length last Monday. Mr. Blakeborough told city fathers that recent tests of the West Kootenay lines entering Kelowna showed that only 1,900 volts are being received by the city, whereas the contract calls for between 2,200 and 2,400. He charged that the West Kootenay lines are unable to carry the heavy power load, and said the only way to overcome the difficulty was for the power company to run an extra line. This, however, will be too late to handle this year's crop.

The packing house industry is not the only type of business affected. Firms manufacturing by-products of fruit are also hit, while the Rowcliffe Cannery Company, engaged in canning peaches and tomatoes, was forced to close down when there was insufficient power to operate the machinery. There is also a danger of householders being affected, as the low current will seriously damage radios and refrigerator motors.

The Laurel Co-operative Union packed house narrowly escaped being burned to the ground earlier this week, when a motor caught fire. An attendant was nearby, and managed to extinguish the flames before they had spread over the boiler room floor. "It was a close shave," Dick Parkinson, packing-house manager declared.

J. D. McMynn, manager of the Okanagan and Similkameen division of West Kootenay, denied that his company is delivery insufficient power to Kelowna.

Mr. McMynn issued the following statement:

"We are delivering power to the city at the contract rate of 2,200 volts and find the 1,900 volt figure (as claimed by the city) is incorrect. The drop in power in some parts of the city is excessive, and it has been reported to me that some of the city's customers are getting from 15 to 20 per cent below the satisfactory figure."

An advised electric light and power department has now made changes in voltage taps on its district transformers. The city's customers are now getting satisfactory voltage from the transformer on which the taps were changed.

At present, most of the packinghouses are only using five to 20 horsepower motors, but when the bulk of the apples start moving in to the packinghouses, the 50 horsepower motors are put into action.

(Turn to page 16, story 1)

Pledge cards are available at all local banks and drug stores, and citizens are urged to fill in the cards if they have not already done so. The committee will arrange an appointment for them on October 5 or 6.

U. K. High Commissioner Coming Here Next Month

Hon. Sir Alexander Clutterbuck, K.C.M.G., M.C., High Commissioner for the United Kingdom in Canada, will visit Kelowna on October 12 and 13 and will probably address a joint meeting of the Kelowna Board of Trade and the Canadian Club, according to information received from the United Kingdom Information Office in Ottawa.

Sir Alexander was appointed in 1930, the reparations conference in London in 1946, and in 1948. He was secretary of South Africa in 1932. He was secretary of the Dominion of Newfoundland royal commission and visited that dominion and this country in 1933.

War Effort

In 1939 he was appointed deputy high commissioner for the United Kingdom in the United States and Canada. He returned to London in 1940 to take charge of the dominions office department dealing with the economic and financial side of the war effort.

In 1942 he was appointed assistant under-secretary of state for dominion affairs and visited Canada and Newfoundland with Deputy Prime Minister Attlee.

In 1943 he was appointed commander of the Order of St. Michael and St. George and in 1946 was made knight commander. He was married in 1921 and has one daughter, born in 1928.

BLOOD DONOR CLINIC HERE OCTOBER 5, 6

Citizens Urged to Fill in Pledge Cards at Banks or Drug Stores

The third Red Cross mobile blood donor clinic will arrive in Kelowna Tuesday, October 5, and will be stationed for two days in the United Church hall, corner Bernard and Richmond streets. L. R. Stephens, secretary of the local branch of the organization, announced this morning.

The clinic has organized additional trained personnel and will be prepared to take approximately 400 donors per day, he stated. "The need is extremely urgent and anyone between the ages of 16 and 65 is eligible. No special diet is necessary and donors need not fear being incapacitated for immediate return to work," he stated.

U.K. Apple Market Gone

Last week it was officially admitted that there would be no apple exports to the United Kingdom again this year and that the Canadian apple industry must look for other markets for its crop this year. This was rather disappointing news for the Okanagan which has a bumper crop.

Actually to close observers the news was not expected. Indeed, only the optimistic felt there was any reason to hope that the Okanagan would send any appreciable volume of fruit to the United Kingdom this year. The truth is that the U.K. is turning away from Canadian produce and it may be a long, long time before our apples find their way there in any large volume.

And the same facts which apply to apples, apply with equal strength to many other types of Canadian exports.

Britain simply has not the United States dollars to spend on purchases in Canada when she can obtain the same supplies by spending her own currency, sterling, in another country.

The British economic policy would appear to have changed, swinging over from multi lateral to bilateral trade agreements, and these generally within the sterling block.

Canada, for better or for worse, has hitched her wagon to the U.S. dollar and this to a very considerable degree, in view of the changed British policy, will eliminate her from the British market. Apples are only one item so affected. Canadian lumber exports will shortly be affected also.

Britain wants to sell her goods and makes a bilateral trade agreement with the Scandinavian countries, agreeing to take their lumber in exchange for the merchandise she sells them; or with South Africa, also a sterling country, and takes fruits to pay for goods exported to that country. It is as simple as that. Britain has her exports, gets her lumber, fruit or other needed imports, and the transaction is a sterling one, eliminating the need of finding the very scarce American dollars.

In the past few years Canada has subsidized apple exports to Britain. But, if Britain can obtain—indeed, must take it under her trade agreements from some other country without Canadian charity, she is going to do that and, in effect, says she doesn't want Canadian apples "even as a gift."

While the news that there would be no U.K. export this year was something of a blow to the Okanagan, it was much more serious to Nova Scotia which has depended on this export trade for the marketing of the major portion of its crop. Nova Scotia growers, it is understood, are already asking for emergency help from Ottawa. The Okanagan is faced with a large crop to market. A similar situation existed last year, but the season proved to be a very successful one. This year, with greatly increased cold storage facilities, the Okanagan is better equipped to handle the marketing of a large crop. Admittedly, the export of two or three million boxes to the U.K. would have made the task of the sales agency much easier, but it is much too early to take a pessimistic viewpoint of the situation. Indeed, with last year's experience behind it, the fruit industry this year probably may lay the pattern for future years, ignoring the U.K. market entirely.

In the past we have considered the U.K. market as vitally necessary for the disposal of our apple crops. Looking forward it would seem that any export to that market should be considered as something unexpected, a "wind-fall." In these days of confused international trade policies, the less the fruit industry depends upon exports outside the dollar area the happier it will be.

United Action To End Flooding

(Penticton Herald)

There can be nothing but warm approval for the plan proposed by engineers of the federal and provincial governments to bring about an accelerated lowering of Okanagan lake.

Their emergency program eliminates the necessity for gambling on the lake's reaching the required minimum by April next.

There is also good news for the whole valley in the announcement that the Okanagan Flood Control Committee, representative of valley communities from north to south, has now turned its attention to finding the strongest and most effective means for bringing home to both governments the demand of the valley for complete implementation of the report and recommendations brought down in 1946 by a joint board of engineers.

The engineers' proposal for emergen-

cy relief were approved here on Friday night by a majority of the committee. But the approval was not unanimous. Penticton's representative was outspoken in opposing temporary measures on the ground that they would provide an excuse, if any were needed, for delay in implementing the full report.

It may well be that Penticton's representative, Mayor Robert Lyon, in his opposition to moves that have met with such wholehearted approval by the official representatives of other valley communities, had an unhappy memory of his efforts at the earlier meeting on the Tuesday night to keep attention focussed on the implementation of the full report of the joint board of engineers and on that alone.

The committee, it must be remembered, was convened on very shaky terms of reference. It came into being as the result of a valley-wide meeting in July that had been called to present a unified demand for immediate implementation of the report but ended up with a diluted version of the demand calling only for "flood control measures."

It was Mayor Lyon himself who, at the outset of the Tuesday meeting, sought to clarify the committee's position by a vote on the question whether they were appointed to demand emergency flood control measures or implementation of the report.

The committee was unanimously in favor of, in effect, amending its terms of reference from a vague and unsatisfactory demand for some flood control measures, to a demand for implementation of the 1946 report, a vastly different matter.

But they did not, at their first chance to take action, really do any effective demanding. And it was at that point that they parted company with Mayor Lyon. And it was from that point that Mayor Lyon led Penticton into a very unhappy position.

Absorbed and preoccupied with the sobering facts of the present lake situation, as explained in the relentless figures of the engineers present, the committee voted to demand implementation of the report, but really did not demand it. They gave their full attention to the needs of the moment. They sought something that could be done now, bypassing something else that, it was generally agreed, would take quite a time to set into motion.

That the committee did, 72 hours later, really plunge enthusiastically into the setting up of machinery for purposeful pressing of the demand is now a matter of record. But a lot of hot words might have gone unspoken and valley unity made more obvious, had the committee, once it had decided that it should demand implementation of the report, taken the simple step, for example, of despatching a telegram to competent government authorities making its position clear. It could then have left the major project to give undivided attention to immediate needs.

But the valley-wide movement, already nearly two months old, got no further that first night than the secretary's notebook, and Penticton's representative became the more determined to press his point, even at the expense of putting Penticton in the dubious position of opposing measures that are certainly satisfactory as a temporary remedy.

We do not seek to vindicate Mayor Lyon in his reluctance to get behind the temporary and emergency plan; for this latter plan is desperately necessary, and has been well worked out. There's something pretty quixotic, as we see it, in tilting away for a program that can't be implemented quickly, when the real urgencies of the situation call for prompt action of some kind. But we do, in a way, understand something underlying the mayor's recent attitudes, and these words are in explanation of the obvious misunderstandings that have arisen.

And anyway, misunderstandings or not, the valley is now united and—what's more—is really working in united fashion, to secure implementation of the full report. That, in our judgment, is the real news coming from recent meetings. And it is a happy augury.

First Town in Canada

Down in Ontario the progressive town of Simcoe is taking considerable credit to itself as "the first town in Canada" to inaugurate a campaign to eliminate mosquitoes and flies by a complete spraying of the whole town. The town has received quite a bit of publicity in Toronto and other Ontario papers for its efforts in this regard. Simcoe embarked upon its experiment about a month ago.

While the Ontario town's efforts are still in the experimental stage, a similar program in Kelowna is well past that stage and is now considered a definite part of city activities. Kelowna, while not claiming to be the first city in Canada to adopt such a policy—though we do not know of any other with a longer record—has for many years had an active mosquito control policy. True, it was not until two years ago that the complete spraying of the whole city with DDT was undertaken. While the methods used before that time were effective to a considerable degree, since the use of DDT was adopted the results have been just about perfect. Kelowna for the past two years has been just about as mosquito free and as fly free as one could wish.

For the information of those conducting the experiments in Simcoe, it may be pointed

out that in Kelowna a considerable rural area is also sprayed as mosquitoes and flies do travel. This is done with some voluntary monetary assistance of the people of the rural areas. Moreover, the control has been surprisingly effective this year when conditions were most unfavorable. If mosquitoes and flies can be eliminated this year under such wet conditions, they can be controlled any year. And woe be-

tide any Kelowna City Council which drops the small necessary appropriation from its budget!

To Simcoe, Kelowna with several years experience can truthfully say that it is on the right track and that its efforts can be a complete success. If they do not prove so in the first instance, Kelowna will be quite happy to pass along the necessary advice.

FRANKENSTEIN 1948

Kelowna In Bygone Days

From the Files of The Kelowna Courier

TEN YEARS AGO

Thursday, Sept. 15, 1938

Glenmore local, BCFGA, has demanded that the price of Macs be raised 20 cents immediately and an open container be adopted.

With the arrival of materials on order for some time, the city's sewer program is ready to start. Work is expected to carry on until Christmas.

E. R. "Pinky" Raymer, well-known Kelowna railway switchman, lost his left foot in an accident while switching cars at Vernon.

Kelowna Boys' Band has been given permission to use the instruments of the city band. The latter body has been inactive for some time though it has not officially disbanded.

Princeton has started a fund and solicited the support of Okanagan centres to have the Hope-Princeton road completed.

Hon. Grote Stirling, Yale M.P., and former minister of national defence, was unanimously re-elected as head of the Kelowna Sea Cadets Navy League branch.

Kelowna baseballers evened up the Interior semi-final series at one game apiece with a weird 9-8 victory in 12 innings here on Sunday over Penticton. The winning run was forced across the plate when Lefty McGahan hit a Kelowna batter while the bases were loaded.

After the second half of the play at Penticton, the Horn Latte Cup was successfully retained by the Kelowna Golf Club.

Five new cases of sleeping sickness among horses in the Kelowna district have been reported.

TWENTY YEARS AGO

Thursday, Sept. 13, 1928

Percy C. Abel addressed the Rotary Club on the prevention of motor accidents. He is secretary of the B.C. Safety League.

Penticton and Vernon delegates gathered with Kelowna members of the Jack McMillan chapter of the I.O.D.E. at a joint session this week.

Poster prize winners at the Vancouver Exhibition included several Kelowna young people: J. McCarthy, R. Carlton, T. Yoshimura, B. Carruthers, D. Leathley, A. Gahan, M. Boake, J. Harvey, P. Hamilton and D. Milne.

Capt. E. C. W. Dobbin, piloting a Moth hydroplane, the property of Dominion Airways, landed on Okanagan Lake on Tuesday to conduct forest survey work.

An appeal for the erection of an Anglican church at Oyama is being made.

R. J. Gordon was the only nomination placed to fill the vacancy on the school board.

Kelowna retained the Horn Latte Cup, defeating Penticton by four points on the round.

The Shell Co. of California is building a warehouse and storage plant in Kelowna.

THIRTY YEARS AGO

Thursday, Sept. 12, 1918

Hon. E. D. Barrow, minister of agriculture, opened the annual fall fair and exhibition on Thursday last. Along with him were

J. W. Jones, M.L.A., Dr. K. C. MacDonald, M.L.A., Mayor D. W. Sutherland, Professor Clement of U.B.C., and P. P. Woodbridge, ex-general secretary of the United Farmers of Alberta. J. L. Pridham introduced the speakers. The exhibition side of the annual fair was rather disappointing but as these are extraordinary times it was considered that Kelowna was fortunate to be able to stage an exhibition at all. Horse races were held on Thursday afternoon.

W. Singer, president of the Singer Fruit Co., Edmonton, is planning to build a large packinghouse on Smith Street.

Failure of Sir Charles H. Tupper, K.C.M.G., LL.B., K.C., to appear in Kelowna and address a public meeting was a great disappointment to the large gathering which turned out. He has promised to be here later in the fall and speak on the work of the British Navy.

Mrs. Pettman won the apple packing contest at the exhibition with a Halatone second and a Chinaman named Song, third.

Archdeacon Thomas Greene dedicated two memorial tablets in memory of two Kelowna soldiers who had fallen, at the Sunday morning service of the Anglican church.

FORTY YEARS AGO

Thursday, Sept. 10, 1908

F. Bouvette has purchased 160 acres of land from Edward McDougall, adjoining the Campbell property on the west side of the lake.

Under the Benevolent Societies Act the Kelowna Musical and Dramatic Society was recently incorporated with D. W. Crowley and H. W. Whitehead as trustees.

L. Holman has a tobacco plant nine feet tall which was grown from a seedling six weeks ago. The plant was grown under canvas, a method which has proved popular here.

J. F. Burne is the new president of the Kelowna Musical and Dramatic Society with J. Ball vice-president; H. W. Whitehead, conductor, and A. L. Meugens, secretary pro-tem. Members of the committee are: Miss Smith, D. D. Campbell, D. W. Crowley, E. N. Morrison, Mrs. Calder, L. Harvey, W. F. Hopkins, J. N. Thompson, Mrs. J. N. Thompson, G. Benmore and G. Hassell.

Kelowna defeated Summerland in a rifle shoot by 60 points, firing over 200, 500 and 600 yards. The Kelowna team included A. E. Eutin, T. Hildson, N. B. Loyd, J. N. Cameron, C. Harvey, L. Gillard, G. C. Rose and T. Allen.

MOTHER FINDS SON DROWNED

VERNON — Drowning of 17-month-old John Charles Schuster in Kalamalka Lake Thursday was accidental, Coroner Dr. J. E. Harvey reported after an inquiry Friday.

The child was discovered by his mother, Mrs. Gus Schuster, lying in four feet of water a few yards from their lake shore home. The boy had been beating a toy drum and the mother became alarmed when she noticed the noise had ceased.

Funeral services were held Saturday. Besides his parents, three small sisters survive.

FISHING REPORTS SAY STILL GOOD

Week-end fishing reports indicate Lake Okanagan is still good and many fine catches have been made at Postville and Woods Lakes. Deo and Beaver Lakes are reported as poor to fair.

Bear Lake, on the west side of the Okanagan Lake has been described as "very good." More work has been done this year on the road in to Bear Lake and footwork reduced to three miles.

Our Town

By JACK SCOTT

THE MILL

The little man wears a cheap blue suit, loosely-knitted tie, solid white shirt. His hair is mouse-colored and he is balding. His face wears a look of intense concentration. He is a shoe-maker, by trade, and nervous in the witness box. His voice is without expression. The answers come as if he were trying to phrase them in the restrained language of the law.

"My wife was keeping company with the co-respondent. When I came back home she promised me she would not go out with him. Then I hear she's going out with him."

The morning sun spills in the tall windows of the court and warms the fine red leather chairs and splashes brightly across the thick plum-colored carpet. The newspapers call it "the divorce mill." A richly-appointed room curiously unsuited for the tawdry stories told in it.

"I seen her at her mother's home. I tried to come to some agreement. She refused. She turned two of the children over to me. She kept the young one. I went to live with my mother and father. So I never bothered her any more."

The chief justice sits, head cupped in the palm of his right hand, listening thoughtfully with the sun glinting on his silver-white hair. Directly above his head the coat-of-arms and the words, "Dieu et Mon Droit."

The shoemaker will probably get his divorce. He does not look as if he will feel that he has won anything.

Thousands of Canadian marriages end this way in the hushed and solemn atmosphere of Supreme Court. The death rate of holy wedlock mounts higher each month. Odds against bliss were never quoted higher.

Psychologists put the blame on the unrest and the uncertainties of peace. Having no war, we accuse the peace. Yet some of the reasons for the high mortality rate of marriage may lie with the changing attitude to divorce and in this, as in many of the shoddy aspects of our local scene, we may cast a bleak and accusing eye to the United States.

A certain false glamor surrounds the act of divorce. There is a pathetic sophistry in the gay divorcee. Young couples (and most marriages are broken between the third and tenth year) are apt to meet the small crises of any household with the threat of divorce as a handy weapon. The days when the wife went home to mama as out-dated as the Eugenie hat. Now she trots to the attorney's office.

How much of this can be attributed to the influence of Hollywood where divorce is rather a charming lark, is anybody's guess. Whatever it is, it is rapidly making a bad joke of the marriage vows. The clergyman who intones that death is less phrase, "until death do us part," may be forgiven for a certain note of cynicism in his voice. Divorce is necessary with many couples who confront a stone wall.

BACKACHE

For quick comforting help for Backache, Rheumatic Pains, Gouty Stiffness, Sprains, Swelling, Stiffness, and loss of energy due to Rheumatism and other troubles, try **CYTO**. Quick, reliable relief of money back. Don't suffer another day without asking your druggist for **CYTO**.

FOR A FREE ITALY—Gustavo d'Errico, general secretary of the Order Sons of Italy in Canada, smiles broadly as his secretary, Concetta Manita, hands him for inspection one of the circulars which have been sent to thousands of Italian-Canadians residing in Montreal, urging them to work for an anti-Communist victory abroad.

of incompatibility. It is unimportant to a higher income strata of society who treat marriage as lightly as any other responsibility. But with the little men and women who file through the Supreme Court it is a tragedy.

You might think the gallery would be filled with sensation seekers. There are none here. They discovered long ago that there is no erotic thrill in the muttered story of adultery. No glamor girls living the reckless life, here and there, in a plain, unattractive girl in a black, short-length coat, an edge of bitterness in her voice and a cheap wedding ring on her hand. "We separated in 1941. He was a very uncontrolled temper. He threw me around once." She's a clerk in a store. No Rita Hayworths here.

The chief justice dictates his verdict in the pure, dispassionate terms of the law. The girl in the black coat goes into the marble hallway and a companion shakes her hand. Inside the sunny court the next case is opening.

You asked

about the

NATIONAL HOUSING ACT

A regular series of questions and answers on house financing and construction.

Q. Would you explain what is meant by a limited-dividend company under the National Housing Act?

A. As the name implies, the company's dividends or profits are limited. In this case they are limited to five per cent of the company's investment. To be eligible for loans under the National Housing Act, a limited-dividend company must be able to provide rental housing accommodation for families of low income and to agree to operate on the basis of rents approved by Central Mortgage and Housing Corporation. The corporation must also be satisfied that there is a need for the project and that the company is capable of organizing and maintaining it. Under an amendment to the National Housing Act this year, a limited-dividend company and its shareholders may sell or dispose of the property after the mortgage is paid off, and retain full residual value. However, the property may not be sold or disposed of during the period of the loan. Previously the Act required that proceeds resulting from the sale or disposal of the property, which were in excess of a return of the company's investment plus the limited dividends of 5 per cent, could not be retained by the company. Under a further amendment, surplus earnings get aside for maintenance and other contingencies and unexpended at the end of the term of the loan, may not be retained by the company and its shareholders but must be disposed of as provided in the contract or as the Corporation may direct. The period for repayment may be up to 50 years and the interest rate is three per cent.

Q. How many emergency shelter units are there in Canada today?

A. Some 10,000, including those provided by provincial and municipal authorities without Dominion Government assistance. Some are completed or are nearing completion. Commitments made by the government on emergency shelter account total about \$4,500,000, of which more than \$1,000,000 has gone to help Canadian universities make available living units for married veteran students. The value of surplus buildings leased to municipalities for conversion into family dwelling units amounts to more than \$9,500,000.

Q. Are loans made jointly with approved lending institutions the only type of loans that Central Mortgage and Housing Corporation is authorized to make to individuals?

A. No. To ensure that lending facilities of the National Housing Act are available throughout Canada to the fullest extent, the corporation is also authorized to make direct loans if, in its opinion, joint loans are not available. Terms and conditions of direct loans are similar to those of loans made on a joint basis.

Q. What regulations govern excavations for houses to be financed under the National Housing Act? A. According to the building standards prescribed by Central Mortgage and Housing Corporation, excavation for all foundations must extend to solid ground and to a point sufficiently below the finished grade to avoid damage by frost, except in solid rock excavation. Further, no foundation or footing

APPROVE PLANS FOR ENLARGING MISSION HALL

OKANAGAN MISSION—A general meeting of the Okanagan Mission Community Hall Association was held last Wednesday evening to discuss and approve the plans put forth by the directors for the new addition to dressing rooms and kitchen.

A plan drawn up by the building committee was viewed and discussed at some length. It was moved that these plans be accepted subject to slight alterations at the discretion of the building committee which will allow for a 14-foot extension on the south side of the hall to contain two dressing rooms and kitchen with a coffee counter for serving light refreshments. The main entrance will also be on this side. It is hoped to commence the building project as soon as the necessary funds can be raised for the outside work and finish with volunteer labor during the slack season of the winter months. The Saturday night dances will commence again.

The school board is renting the hall during the day until the new classroom is finished. Funds are being raised by the sale of tickets for the dance to be held October 23, and they may be obtained from any member of the directors. The formation of a dramatic club was also suggested by those present as a source of revenue to the association.

QUICK RECOVERY

MONTREAL (CP) — Vowing he would never return to Montreal after \$250 worth of goods had been stolen from his automobile, Charles Carey of Buffalo, N.Y., had started for home when border customs men informed him that Montreal police had recovered the articles 35 minutes after the theft was reported.

Bennett Hardware Now Launches

Interior of Bennett Store

Development of Bennett Hardware Reflects Faith In Kelowna and District

A FIRM that has become well known in the Okanagan during the past decade and a half, will mark a new phase in its business development in Kelowna. This week the Bennett Hardware store launches into a new line of business in this city with the official opening of its furniture department. Completely renovated and opened in time to enable shoppers to take advantage of redecorating their homes for the winter, the store is located next door to the modern hardware store which underwent a face-lifting job last December. Reconstruction, costing several thousand dollars, has co-ordinated two buildings into one unit, and the whole edifice has been completely changed.

From the street the Bennett purchaser of the "I'm just looking" hardware - furniture department shopper can determine his or her presents an appearance completely in the modern manner, an achievement brought about both through its design and through the employment of the latest building materials. Lavish use has been made of chromium, glass and vitrolite, the latter in smart color combination. Ultra-modern windows have been installed and above panels of glass brick in varying sizes serve both to admit light and entrance the keynote of modernity.

Floor Space

As a result of the alterations, the floor space of the store will total around 20,000 square feet. A great deal of thought has been given to the lay-out of the various departments. For instance, in one section of the store, a complete line of chinaware is on display. In another corner, electrical appliances are located, while furniture has been divided into various groups, such as living room furniture, bedroom furniture, and general household furniture. Bedroom furniture would not be complete without springs and mattresses, therefore provision has been made for the displaying of various types of bedding.

And to complete the picture, provision has been made for a luggage department at the rear of the premises.

A great deal of care has been given to the lighting effect. Nine show window lights have been installed in the front of the store, in order that articles may be displayed with the utmost attractiveness. Fluorescent lighting has been installed throughout the remainder of the store, and with the domed glass walls and asphalt tile floor, customers will find an unhurried atmosphere in which the would-be

stock of many items still on the "hard to get" list.

When Mr. Bennett decided to go into the furniture business some time ago, great care was taken in ordering high quality furniture which will meet the individual's pocket-book. For this reason, he believes this new branch of business endeavor will meet customer's needs. All furniture and other household goods are attractively displayed.

Running water and home plumbing are increasing in Canadian farms, with the spread of electrification, providing economical power. FOR DISTINCTIVE JOB PRINTING TRY COURIER JOB SHOP

TOOLS FOR HOME AGAIN IN STOCK AT BENNETT'S

The "handy man around the home" will find everything to fill his needs at the Bennett hardware store. No longer need father make the excuse that he hasn't a wrench to put on the new washer in the leaking tap.

Bennett's can supply it — and the washer as well, for that matter. Featured in their hardware department, Bennett's have a handsome display panel showing tools for every possible need. Workmen's tools, as well as those for the home "outfitter" are available, and the manner in which Bennett's have put their stock on display shows at a glance, just what is to be had.

Be sure the household furnace or heating boiler is in good repair before lighting it for the winter.

The most comfortable temperature for the kitchen is about 68 degrees F. during the winter.

Best of Luck

New Premises of Bennett Hardware Store Rated Finest in B.C. Interior

CONTINUING 17 years of ever-increasing service to Kelowna and district shoppers, Bennett hardware and furniture store officially opened its newly-renovated store this week, and the new premises are rated the most modern in the interior of the province. Bennett Hardware is the oldest established hardware business in Kelowna, having been started by David Leckie in 1904. With the opening of the furniture department this week, it marks the first time that the Bennett Hardware has entered this line of business in Kelowna.

In view of the restricted shopping area around the turn of the century, the Bank of Montreal used the front portion of the present store to carry on business, and in 1912 Mr. Leckie extended the premises at the rear and added a second story to the store. Mr. Leckie installed special wall fixtures which made it look one of the finest hardware stores in British Columbia at that time. In August, 1930, Mr. Bennett purchased the business outright, and followed this up by establishing stores in Vernon and Penticton. In recent years, subsequent to the end of the war, he has extended the business greatly in both places.

In the spring of 1947, the Bennett Hardware built a warehouse, tin-smithing and plumbing shop and modern display room extending from the rear of the Bernard Avenue store to Lawrence Avenue. On completion of these premises, remodelling of the main store on Bernard Avenue commenced, and this work was completed last December. The third and final phase of the building program was the renovating of the Crowley Block

NEW SERVICE IS AVAILABLE AT BENNETT'S

A new service was recently inaugurated by Bennett Hardware this summer, when Bob Johnston, sales representative for the firm, started making personal calls on customers.

Mr. Johnston's truck, which is a familiar sight on city streets, is used for demonstration purposes. Any particular type of furniture or appliance which a customer may see in the store, can be taken to their home. This new service is appreciated by the public so much that Mr. Johnston's sales doubled during the month of August.

About 17,000 furnaces and heating boilers were produced in Canada during the first quarter of 1948.

SUPERSTITIOUS THIEVES

RENFREW, Ont. (CP) — Thieves who ransacked the office of the Ottawa Valley Grain Products office here must have been superstitious. Finding 75 cents in a small change box they left one cent. Nothing else was touched.

LONDON (CP) — British bicycles exported between January and June this year total 885,156, nearly three times the corresponding figure in 1938.

PROPRIETOR

W. A. C. BENNETT

W. A. C. BENNETT HAS DEVELOPED THREE STORES

Has Had Faith in the Okanagan Since Coming to Valley in 1930

Progress has been the watchword of W. A. C. Bennett, who has developed a chain of three hardware stores in the Okanagan Valley since coming here in 1930.

Although born in New Brunswick, he felt the call of the west after serving in the R.C.A.F. in Great War I. For several years he owned and operated hardware stores in Westlock and Clyde, Alta. In 1930, he sold out his business on the prairies and moved to the Okanagan, where in the same year he bought out the pioneer Leckie Hardware business in Kelowna.

From this he first expanded in 1931 to Vernon. This at a time when many firms were seriously considering retrenchment, rather than growth. His past and present faith in the Okanagan has more than proved itself.

In 1941 he instituted the branch in Penticton, the same year in which he became a member of the B.C. Legislature for South Okanagan. He was re-elected in 1945 as Coalition member but resigned in 1948 to unsuccessfully contest the Yale by-election.

Mr. Bennett has taken an active

part in community affairs in the three Okanagan Valley towns, while his wife shares his civic interests in many organizations.

Soot should not be left lying in the furnace during the summer as it will absorb moisture from the air and soon rust the interior.

The risk of frozen outdoor faucets and pipes can now be eliminated by a frost-proof faucet. The handle at the outlet shuts off the valve below the frost level in underground piping, or within a heated building if the piping is on the exterior wall.

SPORTS SPHERE

WINNER OF THOMPSON TROPHY AIR RACE

Anson Lynn Johnson, 28-year-old air force veteran from Miami Springs, Fla., receives trophy from Col. Roscoe Turner (right) at Cleveland, Ohio, after winning Thompson trophy 300-mile closed-course race in his P-51 Mustang at an average speed of 383.767 miles per hour. This was the featured race of the national air races and was worth to Johnson \$16,000 in prize money. All but three of the ten starters in the race dropped out during the gruelling 20 laps of 15 miles each. Col. Turner is a three-time Thompson Trophy winner.

Spey Royal Rifle Shield Comes Back to Kelowna

THE Gilbey Spey Royal Shield was brought back to Kelowna Sunday when the local No. 1 team won the keen team event in the annual invitational rifle shoot at the Glenmore Range sponsored by the Kelowna B.C.D.'s Rifle Association.

In a see-saw contest with nine teams battling it out for the coveted prize at targets of 200, 500 and 600 yards, the new holders finished with a total of 475 points, just three up on Vernon's crack No. 3 squad. Vernon won the shield last year.

Kelowna almost took the aggregate individual prize, too, with George Hill just shaded by Constable P. Q. Drysdale of Vernon. Drysdale wound up with 100 out of a possible 105, with Hill right on his tail with 99 points.

George, however, copped the Canadian Legion Cup for the best score on the 500 and 600-yard ranges, dropping only one point on each range for a 68 out of 70.

Summerland's T. Dunsdon was the best marksman on the 200-yard range.

Drysdale was tops in the Experts, followed by G. Hill and W. W. Ryan of Vernon in that order.

Kelowna Double Winner
Dunsdon led the Tyros with Jack Horn, Kelowna, second, and B. Franco, also of Kelowna, third. In all, there were 55 sharpshooters competing in the invitational shoot.

Members of Kelowna's winning team and holders of the Gilbey Challenge shield for a year are: Bert Chichester, captain; Percy Rankin; Dan Hill, B. Franko and George Hill. This is the same team that won the team event at Kamloops recently and the City of Kamloops shield.

Trophies and prizes were pre-

sent after the matches by Lt.-Col. H. Angle, Kelowna, who led the B.C.D.'s overseas in World War II.

At the end of the 200-yard firing in the team shoot, Kelowna No. 1 was down two points behind the pacesetter Summerland No. 1. But after the 500-yarder was completed, Kelowna took the lead by two points over Summerland No. 1 and Vernon No. 3 who were both tied with 314.

Kelowna's 159 on the 600-yard was good enough to give them the 475 total, three better than the runners-up from Vernon.

Team scores:

Kelowna No. 1 155 161 159 475
Vernon 3 151 163 158 472
Summerland 1 157 157 150 464
Kelowna 2 154 155 154 463
Summerland 2 153 150 136 439

Totals for the other four teams were: Summerland No. 3, 440; Kelowna No. 3, 436; Vernon No. 2, 419.

Kamloops and Penticton did not compete in the team event. But Fred Anderson represented Penticton in the individual trials.

200 Yards
Experts—1. W. W. Ryan, Vernon; 2. P. Q. Drysdale, Vernon; 3. B. Chichester, Kelowna.

Tyros—1. T. Dunsdon, Summerland; 2. H. W. Maxson, Kelowna; 3. E. Field, Vernon.

500 Yards
Experts—G. Hill and G. Kennedy, both of Kelowna, tied for first; F. C. Simmons, Vernon, third.

Tyros—1. J. Anderson, Kelowna; 2. J. Horn, Kelowna; 3. S. Viell, Vernon.

600 Yards
Experts—1. Drysdale, Vernon; 2. G. Hill, Kelowna; 3. S. Lee, Kelowna.

Tyros—1. T. W. Dunsdon, Summerland; 2. B. Simpson, Summerland; 3. B. Franko, Kelowna.

Individual scores were better: Drysdale, Vernon, 100; G. Hill, Kelowna, 99; F. Dunsdon, Summerland, 98; W. W. Ryan, Vernon, 98; Franko, Kelowna, 97; H. W. Maxson, Kelowna, 97; J. Horn, Kelowna, 97; B. Simpson, Summerland, 96; D. Hill, Kelowna, 96; F. C. Simmons, Vernon, 96; H. E. Dunsdon, Summerland, 96; S. Lee, Kelowna, 95; T. F. Adams, Vernon, 95.

D. Eric, Summerland, 94; B. Chichester, Kelowna, 94; G. Kennedy, Kelowna, 94; W. Leeper, Vernon, 93; H. Hildred, Kelowna, 93; G. C. Rose, Kelowna, 92; L. Viell, Vernon, 92; G. Dunsdon, Summerland, 91; E. T. Washington, Summerland, 91; W. R. Maxson, Kelowna, 90; D. Green, Kamloops, 90; E. Field, Vernon, 90; P. Dunsdon, Summerland, 90; J. Anderson, Kelowna, 90.

Kelowna riflemen will be taking part this Sunday in an invitational meet at Vernon.

IT'S IN THE GAME

By AL DENEGRIE

CHAMPIONSHIP CONCLUSIONS

Of the many conclusions that could be reached after watching and listening closely during the provincial softball finals here over the Labor Day weekend, the most obvious seemed to be that Kelowna teams were outclassed, the juniors more so than Club 13. We who stuck our necks out and predicted close series are taking quite a ribbing.

In the first place, Club 13 and Kelowna School Supplies did not necessarily earn the Interior championship. They got it to go into the finals against the Coast champions not because they were the best teams in the Interior (they could be but they didn't prove it by beating everyone else in the Interior) but because they were the Kelowna and District Softball Association champions, and the KDSA teams were the only ones registered this year with the Interior Amateur Softball Association.

The Melbournes crew and Army and Navy, Unit 68, boys proved their right to the Coast crown by going through stiff league schedules and sweeping aside a half-dozen or more of the outfits on the Lower Mainland and Vancouver Island, all duly registered with the BCASA. This is no attempt to belittle either of the local finalists, but is given—well, to sort of keep the record straight.

SALUTE TO CLUB 13
In looking at the two senior B squads in the second game Sunday, there wasn't so much a difference in their performance. Vancouver had a definite edge in experience and sagacity that can only be garnered in a number of years.

But what the local lads were deficient in, they made up for in desire to win and the will to fight to the finish. This determination saved the series from being a complete one-sided flop and held on to the wavering interest of our fans.

I am not alone when I say that Club 13 could have been the "best by test" and earned the right to play against the Coast winners. If this division was as overall organized as the two older ones at the Coast, the Kelowna lads could have sharpened up their claws in a rigorous playoff schedule with teams from the Okanagan, Mainland, Arrow Lakes and Kootenays.

We have watched Club 13 from the time they formed their club to play in junior ball. Most of the originals are still on the team. They were Teen Town valley champs in 1946 and finalists in the intermediate provincial playoffs last year. With the exception of two or three players, they could have gone into intermediate again this year. But rather than break up the team, they elected to play senior B.

In the game of softball, youth is not the important factor. Most of the Melbournes were over 30 years old. They had experience, know-how, they could spot weaknesses quickly and capitalize on them. They were the best the thickly-populated Coast had to offer in that class, and they had good financial backing. For a team that has always supported itself without sponsor, Club 13 should get a lot of plaudits for their valiant but unsuccessful bid. They have been trying for a long time for a provincial championship. If they stick together—and there seems to be no reason why they shouldn't—they may reach the top rung next year.

SLAP FOR KELOWNA
The local juniors were even more untied than Club 13. They were the only team that entered junior play this year and had no league competition. Pre-playoff play was almost negligible. From a competitive standpoint, they went into the finals as cold as a hot water bag in the morning. They were no match for the smart bunch of youngsters from Vancouver.

Failure of three players to show up for the second game is a bad

REMEMBER WHEN—

Maurice Fox of Montreal, won the Canadian chess championship for the eighth time in 13 years at Toronto 10 years ago today. The defending champion, Boris Dlum, in Montreal, was deadlocked in fourth place with two other players.

axe to grind and I suspect a tiny portion of it is with yours truly. Have had no other word on KEN KITCHIE's boxie shutout last week, so it seems it was the only one ever registered in the Interior. Salmon Arm's TOM STUBBINS says it's not the first in B.C. He recalls HENRY BAKER, veteran netminder with the North Shore Indians, hanging out the zero shingle twice.

If we had an award of the week, we would give it without looking twice to WILLIE KING, the straw-hatted king of sports boosters. He didn't see much of the softball finals, spending all his time coaxing money from the patrons. His firing heart was panged when out of one car of four people, he got two cents, but we won't name the cheapskates, but we know who they are...

"THE NEW AND IMPROVED"
TED WILLIAMS,
AS THE EXPERTS
ARE CALLING
THE 1948 MODEL
OF THE
BOSTON
BOMBER!

TED'S BEEN SHOWING HIS BEST BATTING FORM SINCE HITTING .406 IN 1941

Marcel Cerdan, who will try to knock the middleweight crown from the battle-scarred head of Tony Zale on September 21, is shown getting into prime shape at his training camp at Loch Sheldrake, N.Y. He is battering the heavy bag, which is decorated with the picture of a boxer with the foul line marked.

THE BIG SURPRISE HAS BEEN HIS FIELDING THROWING AND RUNNING— LIKE AN IMPROVED CUTTING DOWN RUNNERS WITH RIFLE THROWS AND RUNNING BASES LIKE A ROOKIE!

THE BIG PRE-SEASON QUESTION WAS HOW MUCH WOULD TED MAKE JOE WITH TED—MARGE JOE WOULD LIKE TO TRY TO GET ALONG WITH A FEW MORE LIKE HIM!

Local Bowling Season Opens Monday Night

Curtain of the local bowling season will be raised Monday evening when 12 teams of the Men's Commercial Five-pin League swing into action.

Another 12 teams will get away on Tuesday and a similar number on Friday. Reg Merriam, league president, announced this week all 36 teams were lined up and ready to start off the 22-week, 96-game schedule.

First flight will take the teams up to the week starting Dec. 12, inclusive, with the two top teams in the three sections going into the playoffs next spring. Merriam said there would be no league bowling in the weeks that hold the Armistice and Thanksgiving holidays.

Second flight will start in the first full week in January and conclude on the third week of March, inclusive. Bowling times for Mondays, Tuesdays and Fridays will be 7 and 8:30 p.m.

League prices have been boosted to 70 cents a night this year and entry fee upped to \$2. The latter will be used entirely for banquet purposes at the end of the season, Merriam advised.

Other Leagues Also
Ladies' and mixed leagues also start next week, with 16 teams in each league. Both leagues have been split into two sections (A and B), comprising eight teams each. Play will extend over four flights of seven weeks duration and win-

BALL TEAMS LOSE HEAVILY

Soccer championships in senior B men and junior boys here over the Labor Day week-end, left Kelowna in the hole to the tune of \$112, according to information given out at last Thursday's monthly meeting.

K.A.R.T. was also told \$80 was still outstanding on the expense sheet for the Kelowna High School girls' soccer team, which was scheduled to go to Vancouver that same week-end and come back with the B.C. junior title.

After considerable discussion and waiting until procedure, K.A.R.T. approved a grant of \$80 to take care of the girls' expenses and okayed a loan of \$112 to the local softball association.

A lacrosse club spokesman told K.A.R.T. that the club expects to repay its \$200 loan shortly. That amount was borrowed at the start of the season to purchase equipment and other essentials.

W. F. Goodland, National Film Board representative in the district, advised the meeting that some good recreational films are now available, which he believed would be useful as visual aids for various sports.

Purchase of some of the films will be considered.

LOCAL GOLFERS TO TAKE PART IN TOURNAMENT

Some 18 to 20 of Kelowna's top golfing males will trek to Vernon Sunday for the annual Vernon Day competition.

The following Sunday, local dividers will have a stiff test ahead of them to overcome the commanding 2 1/2 points to 6 1/2 points lead the Vernons have in the annual Johnston-Lefroy play. Vernon went away in front in this team play when the first half was played in Vernon last May.

SIX KELOWNA BOXERS APPEAR IN TOURNAMENT

Six of Kelowna's leather-listed boys are slated to appear on a card in Trail on Oct. 8.

Set to make the trip to the Smelter city are: Moraldo Rautuc, lightweight; George Fenton, middleweight; Stanley Taneda and George Wilderman, bantamweights; Peter Tarasavich, featherweight; and Nick Markin, flyweight.

Augie Clancione, Kelowna Pro-rect, will be in charge of the Kelowna troupe, while Terry Allen, a newcomer to the Orchard City, has arranged the bouts with Trail. At least four of the local fighters have appeared in the B.C. Golden Gloves at Vancouver during the past two years. They will come most instances, according to Allen and Clancione.

A return card, with Trail coming here, is planned later in October.

DOUBLE-HEADER BASEBALL GAME HERE SUNDAY

A baseball double-header is on tap for fans at Recreation Park here Sunday.

Princeton seniors, who were beaten 2-2 by the Red Sox at Princeton last Sunday, will open the twin bill against the Sox at 2:30 p.m. The second game will finally bring the Rutland Adanacs and Red Sox together in a tilt that hundreds of local fans have been waiting all season to see.

Harold Cousins' booming bat saved the game for Wally Lescault at Princeton Sunday. Going in to the top of the eighth, Princeton was leading 2-0.

Sent in by coach Dick Murray to bat for Lescault, Cousins drove in the first run and scored the tying run. Eddie Kleiblski scored the winning run on Hank Tostenen's single.

In the top of the ninth, Cousins who chucked the last two frames connected with another solid blow, chasing in two more runs and giving the Sox the 5-2 count over Princeton.

PENTICTONITE WINS LADIES' GOLF CROWN

Interior ladies' golf champion for the ensuing year is Mrs. E. Doner, Penticton.

Mrs. Doner won the title in the annual championship meet, held this year at Penticton on Sunday. Mrs. S. Maynard, Vernon, was runner-up.

Low medalist honors in the interior meet also went to Mrs. Doner, while the low net was posted by Mrs. A. Lawson, Penticton.

Eleven Kelowna ladies took part in the championship play. Mrs. C. R. Reid was runner-up in the third flight, while Mrs. Kay Buckland came out on top in the fourth flight.

Other Kelowna ladies were: Mrs. Joyce Underhill, Mrs. Edith Morryson, Mrs. O. Cushing, Mrs. Gertrude Johnson, Mrs. Grace Kerry, Mrs. Frieda Beeston, Mrs. Peggy Wilson, Mrs. Doris Stevenson, Mrs. Anne McClymont.

Eight Qualify
In the qualifying rounds at the local links on Tuesday afternoon for the Hunt Cup play, eight ladies made the grade. Mrs. Peggy Wilson was low medalist with a net 70.

Draw for the Hunt Cup, follows: P. Wilson and O. Cushing; E. Morryson and J. Underhill; K. Buckland and G. Johnston; D. Stevenson and J. Faulkner.

First flight draw — M. Huggill, byer; S. Willis and J. Gaddes; K. Kerry and G. Lennie; M. Roadhouse, bye.

Players will have a week to play the first round. This Sunday will see the start of the ladies' club championship. Anyone wishing to take part should be at the clubhouse by 1 p.m. Sunday.

Movement Now Underway to Organize Canadian Football in This District

With one of B.C.'s most notable grid stars staying home and a new recreational director now on the job, the debut of Canadian football in this section of the Okanagan should be close at hand.

Actually our southern neighbors made a stab at it last year, largely through the efforts of Dick Hardisty. But after a few tries, the experiment apparently died down and never did reach the stage hoped for by the promoters.

The scene of grid activity should now be switching to Kelowna. In the Orchard City now are Harold "Herb" Capozzi, all-Pacific Northwest Conference tackle — home for the first fall and winter since he left for college nearly 10 years ago — and Jim Panton, newly-appointed recreational director for the Okanagan.

Jim, who played the game a good bit during his high school days in Saskatoon and who has spent some time on the coaching end since, lost no time in getting together with Capozzi, and vice versa. Interviews with high school authorities have been held and it is probable there may be a few weeks of tough football.

Both men admitted it was too late to get anything really going this year as the season already is far on its way. But the groundwork will be laid this year and if all goes according to strategy, football could become a fall sports attraction.

"We have some football equipment lined up at Oliver," Capozzi confided. "If we can get that (a fair sum of money would be needed) and the didn't exactly where the moola would be coming from) then we might have a few scrimmages this fall. If not, then I'll coach the boys at touch football and we'll try to be ready by next year for the real thing."

Grid Blood Bank
Panton thought the equipment at Oliver might be purchased by his department but he wasn't sure just what monies he would have at his disposal for such things.

Anyhow, both men have grid-iron blood in their veins and a transfusion service at their finger tips. Before the blood bank runs out they hope Canadian football will be firmly established in the Okanagan.

"We'd like to see an Okanagan high school conference here. We believe it could be done, with a lot of help from everyone. With the geographical spread of the Okanagan, should be able to foster a first class high school circuit," Panton said hopefully.

GUN CLUB MEETS TOMORROW NIGHT

Quarterly general meeting of the Kelowna and District Rod and Gun Club will be held at the Women's Institute Hall, Glenn Ave., Friday (tomorrow) at 8 p.m.

Agenda of the objects on the discussion agenda are pheasant and deer season, hunters' liability insurance and tags for pheasants.

REMEMBER WHEN—
"Sunny Jim" Bottomley, St. Louis Cardinals first baseman, batted in 12 runs in one game to set a major league baseball record. Playing against the Brooklyn Dodgers 24 years ago today, Bottomley had a perfect six-for-six at bat. The Cards won 17-3.

MANY ATTEND CCF PICNIC AT KEREMEOS

CCF members and friends flocked to every centre in the Yale riding to "meet their M.P." O. L. Jones, at a picnic at the Elks Rodeo grounds at Keremeos recently.

After eating their picnic lunches in the warm sunshine, the large gathering heard Mr. Jones in a brief account of matters taken up in the short time since his election on May 31, many of them having to do with flood problems, veterans' affairs, and the difficulties confronting the vegetable growers this season. He also listed many industries which he said, the interior should have in order to balance the economy and lower the cost of living, and urged all present to push hard for the establishment of potteries, rayon manufacturing, shoe factories, and industrial alcohol, for which the raw materials are available.

Improved Conditions
Arthur J. Turner, M.L.A., spoke on conditions in Great Britain which he has just visited.

He contrasted conditions of three years ago as he saw them in the slums of Liverpool and London with improvements so evident today. "Great Britain is one place in the world today where the first condition of the Atlantic Charter, Freedom of the World, has actually been fulfilled," he said.

Foods in short supply are rationed, but the people feel they get their fair share.

"They get like little extras for their food is dull, but it is satisfying. Every school child gets a third of a pint of milk daily, and in most schools a hot noon meal, well served and well cooked, for fivepence, or ten cents," the M.L.A. stated.

Bernard Weber, of Vernon, greeted the crowd of old and new friends and urged all to keep up their CCF work.

Sports followed the speeches, the children's races arousing much enthusiasm, though the greatest applause was given to the race for men over 40, in which the two winners fell on top of each other at the winning line. A Keremeos softball team offered a challenge to all other centres, and were opposed in a highly exciting game by a pick-up team mostly from Penticton. Penticton won, 13-10.

JUNIOR NET TOURNAMENT BIG SUCCESS

First junior tennis tournament was run off on the new Rosemead Ave. courts of the Kelowna Lawn Tennis Club on Saturday.

Single winners in the Kelowna and district tournament which attracted some 27 boys and girls were Sylvia Day, East Kelowna, and Bob Bush, Kelowna.

Sylvia defeated Ruth Barrett in the finals 6-4, 7-5, to take the Barton Challenge Cup, while Bush defeated Ginty Tripp, who hales from Vernon but is a member of the Kelowna Club, 6-2, 6-2, to take the boys singles.

Twelve couples entered the Dowles American doubles tournament with victory going to Teddy Van der Vliet and H. Ito over Dave

Bird and Ruth Barrett. Players from Okanagan Centre, Okanagan Mission, East Kelowna, took part in the play as well as Kelowna.

IMPORTANT HOOP MEETING FRIDAY

A special meeting of the Kelowna Basketball Association will be held at the Aquatic lounge tomorrow evening, starting at 7:30, to map out plans for the coming season. All team managers and coaches and players of all classes are invited to attend.

Speeding in the city limits cost Mike Madarak \$10 and costs in city police court Sept. 10.

Hockey Coach Coming Here?

Senior B hockey stocks here reached a new high this week with the announcement Kenny Stuart, erstwhile Western Canada League puckster and coach may come here as playing coach for Kelowna's first year with an arena of its own.

Officials of the Kelowna Senior B Hockey Club said negotiations with Stuart have been going on for some time but no papers had been signed as yet. An announcement over radio station CJIB, Vernon, on Tuesday, that Stuart would be Kelowna's coach, was branded by local officials as "speculative and definitely premature."

"We can only say that present negotiations between the club and Stuart look quite favorable," said Ken Johnson, who handles the publicity for the senior B club. "If he comes, Stuart will be our playing coach," he added.

Boxla Heads Breathe Easier After Finding Teams Registered in BCILA

Officials of the Interior Lacrosse Association were given a scare this week when they were advised by the B.C. Lacrosse Association ILA teams had not registered with BCILA and therefore would be ineligible for the B.C. playoffs.

This word was received simultaneously by League President Alwyn Weddell, Kelowna, and the managers of the five teams in the senior B circuit.

A frantic search by ILA secretary Don Johnson, Kelowna, finally produced a registered letter receipt to show that the registration forms for all the teams were sent to the BCILA more than a month ago.

A check with the post office showed the registered letter had been duly signed for at the receiving end. "We have done our part so we should be all okay," said Weddell with a sigh of relief.

Weddell reported "no change" in the boxla protest picture. "As far as I am concerned, the playoffs are over and Vernon Tigers are the champions," he said.

Benefit Game Monday
The Vernon champs, who beat Kelowna 3-0 in the best of five finals, are hiding their time awaiting a crack at the Kootenay senior B champs. The Kootenay series is now in the final stage between Trail and Spokane, Wash.

There is no immediate indication where or how the proposed series between the Kootenay finalists and Vernon will be held.

Meanwhile Kelowna boxla fans will have to wait until next week for what will probably be the bow-out of senior lacrosse. The proposed benefit game between the Bruins and an all-star team from Armstrong and Salmon Arm now is tentatively set for the City Park box Monday night. Proceeds will help pay off heavy doctors' bills and other expenses as a result of injuries this year to local players.

EEKAYS TROUCE VERNON FEMMES
East Kelowna senior girls blanked Vernon all-stars 6-0 in an exhibition softball tilt at Athletic Oval Sunday. A return engagement is tentatively set for Vernon this weekend.

Meanwhile, the season's over as far as the Kelowna High School girls are concerned. Coach Jim Smith said the B.C. junior champs would not be playing any more this year.

"They've disbanded and are playing basketball now," Smith said.

OYAMA BALL TEAMS HAVE GOOD SEASON

Oyama—The two Oyama baseball teams, the Green Caps and the Eagles have just terminated a successful baseball season, the Eagles reaching the playoffs.
In March of this year the teams formed a committee, calling themselves the "Oyama Baseball Working Committee", composed of three members from each club and a neutral secretary, Derek Eyles.
One player of the Eagles, Kiri Amoto, received serious injury to his foot in the first league game played, and it was decided to form an injured players' fund. The first dance which was held for this purpose yielded \$22.71, which was given to Amoto, and thereafter 20 per cent of all profits of the baseball games were put into this fund. An objective of \$50 was set with \$21.50 being already on hand.
Monies put out by the committee were: One set of bases, \$9.35; one umpire's protector, \$27.50; mowing of field, \$9.00; total, \$45.92.
A Davidson offered to donate a pair of spikes to the player with the highest batting average. This offer was accepted by the Oyama team and was won by Frank Allingham. The services of G. McClure, as umpire, have been appreciated by a donation of a handsome back-up light for his car.
Three successful dances have been held in the Community Hall and another will be held on Oct. 22.
Mr. and Mrs. T. Towgood motored to Vancouver over the weekend with their family. Their daughter, Miss Joyce Towgood, will enter U.B.C. taking up home economics when sessions start.
Mr. and Mrs. F. Whipple had as their guests recently, the former's brother and his wife, Mr. and Mrs. C. Whipple and their son Bill, of Seattle.
Mr. Dick Henderson, of Berkeley, Calif., also returned home last week after spending the past month with the Whipples.
Miss Shirley Whipple left last week for Rossland where she has accepted a position on the school staff.
University boys who are returning this week to Vancouver are: Ken Ellison, son of Mr. and Mrs. H. E. Ellison; Peter Orasuk, son of Mr. and Mrs. M. Orasuk; David Whipple, son of Mr. and Mrs. F. Whipple.
Recent visitors at the Army Ranch are Mrs. P. Smart and her daughter, of Vancouver; Miss T. Campbell, of Vancouver, for one month; Mr. and Mrs. H. Kenyon, of Vancouver, for two weeks.
Mr. M. Stanley, proprietor of Amory Ranch, returned home on Monday after several days in Vancouver, travelling by air.

SCHOOL ROOMS ARE CROWDED AT WINFIELD

WINFIELD—School re-opened Tuesday with an unexpectedly large enrolment of nearly 200 youngsters.
It was hoped that by opening a fifth room there would be sufficient accommodation, but there are now sufficient pupils to warrant a sixth room.
The Women's Federation of the United Church held a special meeting at the home of Mrs. S. C. Jones on Thursday evening. Plans were made for the induction of the new minister, Rev. Stewart Crysdale, which took place last Monday.

Miss Canada at Niagara Falls

JEAN FERGUSON, "Miss Canada" from Halifax, N.S., views the cataracts at Niagara Falls, Ont., during a recent visit. Jean was feted by civic officials during her stay.

BOY SCOUT COLUMN

1ST KELOWNA TROOP
MEETING SEPTEMBER 14:
The troop's first meeting of the year was held on September 14. There were 21 Scouts present. Six scouts' absence was unaccounted for. It is hoped that these boys will make a real effort to come to the next meeting.
The meeting consisted of games, inspection and scout work. The program for the forthcoming season was explained to the troop. In scouting it consists of working for the second class badge and in other activities the major item is the forthcoming concert and the preparation of a junior hockey team to enter a junior league that may be formed when the arena is ready.
NEXT MEETING:
Tuesday, September 21. Troop will trade uniforms at the Scout Hall at 7:00 p.m. Duty patrol—Otters. Next for duty—Beavers. The duty patrol must arrive 15 minutes before the meeting commences. They will clear the troop room and erect flag equipment. All scouts must wear rubber or crepe soled shoes so as not to damage the new floor. The program for this meeting will be issued at the meeting.
EVERY SCOUT SHOULD TRY AND BRING A FRIEND TO JOIN THE TROOP.

PEACHLAND

PEACHLAND—The regular meeting of the municipal council was held in the Municipal Hall, Thursday, September 9. Councilor K. Domi spoke of the lease to the curling club, Lot 12, D.L. 2538, and thought that other similar activities should be protected. Reeve C. O. Whinton replied that this lot was to be set aside as a recreation park similar to lot 13 D.L. 261. Councilor Domi thought that the work at the cemetery should be finished, and asked for a further small appropriation for this, and he was granted to clean up the rubbish. E. Roberts had signed as poundkeeper at Trepanier, and he was so appointed. Discussion followed re size of pound, material for same, etc. Councilor Domi wanted to see Mr. Roberts about this. The clearing of the beach was not yet finished.
Councilor G. Birkeland reported that it needed about \$1,500 to finish the work on Prince of Wales Avenue; this was tabled. A trade licence was granted to K. Domi to install sanitary toilets. An application to purchase Lot 16, D.L. 221 was granted, subject to acceptance by the P.I.D.—apparently no great expense to install water. An offer of F. R. Gillam to purchase the old road allowance was accepted, with the provision that Mr. Gillam pay for the surveying and registration of this piece of land. Councilor Birkeland mentioned the difficulty of locating the various streets, avenues, etc., throughout the municipality, and thought it would help if some signs were erected on the various avenues and streets stating the names. Reeve Whinton spoke of the sign at Westbank, similar to signs erected for other communities, and thought this matter should be given consideration.
Mr. and Mrs. R. Naylor and Mrs. A. Fryberg of Seattle, Wash., were home of Mr. and Mrs. Neil Witt.
Mrs. M. Twinn arrived Tuesday of last week to spend a few days as the guest of Mr. and Mrs. A. Smalls.
C. C. Inglis returned home on Thursday of last week.
Mrs. D. Tickell and Mrs. N. Marshall and son, of Vancouver, were guests over the week-end at the home of Mr. and Mrs. A. Smalls.
WONG MONG MON, aged about 80, resident in B.C. for about 50 years and most of that time in Kelowna area, died in hospital here on Monday. Funeral service was held Tuesday with the arrangements entrusted to Kelowna Funeral Parlor.

VERNON MAN HEADS VALLEY PUCK LEAGUE

Charlie Fullford Named President at Annual Meeting
Charlie Fullford, Vernon, was named president of the Okanagan Mainline Hockey League at the annual meeting held in Vernon on Sunday.
Last year's president, Art Gagne, Kamloops, was elected vice-president. A secretary will be named by the new body.
Executive will include representatives still to be named by the three cities making up the league—Kamloops, Vernon and Kelowna. As soon as the executive reps are named, a meeting is expected to be called to draw up a senior B schedule and map out other plans for the coming hockey season.
Kelowna delegates were Harold King and F. L. "Doc" Fitzpatrick, secretary and committee member respectively on the Kelowna Senior B Hockey Club.

WINFIELD W.I. HOLDS FIRST FALL PARLEY

WINFIELD—The first fall meeting of the Winfield Women's Institute was held in the Community Hall, Wednesday of last week. Mrs. T. D. O. Duggan gave a report on the garden competition held for the school children.
A letter was read from the Unitarian Society thanking the Institute for completing their obligation toward the care of a fifth European child.
The highlight of the next meeting on Wednesday, October 6, will be the election of officers.

Mr. and Mrs. E. Sherritt had as their guests, the former's brother and sister-in-law, Mr. and Mrs. A. Sherritt, of Langley, B.C.
Mrs. Bert Ramsay returned home from a vacation trip to Calgary. Mr. and Mrs. John McCoubrey had as their guest last week, the former's mother, Mrs. McCoubrey, Sr., Kelowna, and brother and sister-in-law, Mr. and Mrs. Adams, Vancouver.

OBITUARIES

WILLIAM J. McLEAN
William J. McLean, retired superintendent of the Canadian Pacific Railway Company's Kootenay Division in British Columbia, died at Kootenay Lake General Hospital, Nelson, on Saturday, Sept. 11, after a prolonged illness. He was 66.
Funeral services were held at Nelson, and burial took place at Medicine Hat.
Mr. McLean, who was well known in the C.P.R.'s Prairie and Pacific regions, retired in 1945 after 25 years of service.
The deceased was born at Springfield, Man., in 1883, and commenced his long career of railroad work at Broadview, Sask., as an engine wiper.
In 1907 he became locomotive engineer, and during 18 years of service at Medicine Hat, he served as road foreman of locomotives, trainmaster, and later as assistant superintendent.
He was transferred to Field in 1929 to be assistant superintendent, and in 1934 served as superintendent at North Bend and Penticton. In December, 1938, he was named superintendent at Nelson, the position he held until his retirement.
Survivors include his wife and two brothers, Donald McLean of Regina, Sask., and Peter McLean, Gilroy, Sask., and a sister, Mrs. William Short, of Stony Beach, Sask.

WONG MONG MON

WONG MONG MON, aged about 80, resident in B.C. for about 50 years and most of that time in Kelowna area, died in hospital here on Monday. Funeral service was held Tuesday with the arrangements entrusted to Kelowna Funeral Parlor.

MANY WINFIELD CHILDREN PASS SWIMMING TESTS

WINFIELD—The swimming classes sponsored by the Winfield Women's Institute under the Red Cross instruction, Miss Anne Husband, were concluded at the end of August.
A small regatta was organized and prizes awarded in the various events.
A list of the children successfully completing the swimming courses have been received from the examiner, A. Chetwynd, of the Red Cross, Toronto, and are as follows:
Junior: Eva Laing, Joan Laing, Darryl Pretty, Rose Shearer, Howard Hillaby, Cecil Metcalfe, Donald Arnold, Evelyn Hillaby, Eva Edmunds.
Intermediate swimming and water safety test: Richard Metcalfe, Lois Duggan, Donna Shaw.
Senior swimming and water safety test: Marion Metcalfe.

A statement by the accused that he has and will continue, on a proportionate basis, to match millions for donations to charity cut no ice with Police Magistrate H. Angle.
"The court appreciates that you have donated large sums of money to worthwhile charities," the magistrate told Henry Mayerhoff in city police court Tuesday. "But the fact remains that you have broken the law."
His Worship fined the accused \$50 and \$2 costs on a charge of keeping a gaming house.

FINAL READING

City Council Monday night gave final reading to amendments to the trade licence bylaw.

FIRE ATTRACTS JACKAL
PORT ELIZABETH, South Africa
(CP) Members of a hunt club
here recently bagged a jackal under
unusual circumstances one
chilly morning. A member, almost
frozen by near-zero temperature,
lit a fire to warm himself when a
shivering jackal approached. The
hunter shot it at point-blank range.

OCEAN EMPIRE
The Netherlands East Indies

Since our last report the weather

We're Not Big But We're Fearful, We Are!

Trying out their baby roars, PRINCE, PRINCESS and DUKE howl in unison as they make their public debut at the Bronx Zoo. The two-month-old tiger cubs, offspring of four-year-old Ducca, are the first tiger cubs in the Zoo's history who have been cared for since birth by their own mother.

Volume of Tomatoes Going to Local Canneries Shows Marked Increase; Less Pacific and Red Mite Damage

WINTER apples are sizing well in the Kelowna district, but indications are that Macs will average smaller sizes than normal. Some spot picking of Macs in early location has commenced, but picking will be general this week-end, according to the fortnightly horticultural news letter issued by the provincial department of agriculture. The volume of tomatoes coming into the canneries has shown a marked increase during the last few days. Canneries are busy on beans, peaches and tomatoes. There is a marked reduction in the amount of Pacific and red mite damage this year as compared with other years. Codling moth damage is less than at any time since it became a real factor in apple production in this district.

Near freezing temperatures were experienced in the Salmon River valley on September 3. Losses from bitter pit and hail are heavy but these are partially offset by good sizes. Color of Macs in the Kamloops district is excellent but size is poor in many orchards. Following is a detailed report by districts:

Salmon Arm, Sorrento, and Main Line Points
As reported September 8: The weather has, for the most part, been cool and cloudy with the occasional shower of rain. Near freezing temperatures were experienced in the Salmon River Valley on the night of September 3. The last two days, however, have been clear and warmer.

At Salmon Arm, the picking of mature weather which has been held up due to slow color development, is now general. Losses from bitter pit and hail are heavy but these are partially offset by good sizes. Indications are that McIntosh reds should be ready about the 18th, which is a few days ahead of last year. Hyslop crabapples have passed the peak. Prunes are maturing rather unevenly but appear to be a better crop than anticipated. Picking of this commodity got under way this week. Flemish beauty pears are also just starting to come in but tonnage of this variety will be down due to the marked prevalence of pear scab.

At Kamloops, wealthy apples and Hyslop crabapples are being cleaned up. The picking of McIntosh reds is expected to start on the 10th, and should be generally by the first of next week. Color of the McIntosh is excellent but size is poor in many orchards. The harvesting of prunes started last week and is now general.

Demarcus, which is still poor except for tomatoes at Kamloops.

Armstrong, Vernon, Oyama, Winfield, Okanagan Centre.

As reported September 10: Weather continues fine and warm, with cool nights for vegetables. Early pickings of McIntosh are now being made, and will be fairly general during this next week. At present the size of McIntosh is not just what was expected earlier in the season, and it looks as though the crop will run heavy to medium and smaller sizes. Most of the later varieties of apples appear to be sizing satisfactorily. Wealthies are now past the peak and are being cleaned up in another week. Hyslop crabs are now being harvested. Bartlett and Flemish beauty pears are about over. Anjou's should be ready in about a week's time. The three V peaches are about over, and J. H. Hales are now being picked to be followed by Elbertas in the next few days. Picking of Italian prunes is now at the peak.

There is a good supply of vegetables. Onions are now being harvested and the crop will likely go below the estimates made earlier in the season owing to mildew. There is a good supply of Arctostaphylos lettuce and celery. The first car of fall lettuce will be shipped this week. In field crops, harvesting of grain and hay crops is again in full swing.

Codling moth is now showing up in some orchards where no late sprays were applied. Woolly aphis is also prevalent in some blocks and pear psylla is in evidence throughout the district.

Kelowna
As reported September 9: Bright sunny weather, with cool nights has prevailed during the past week.

Italian prunes and wealthy apples are being picked. Generally winter apples are sizing well, but indications are that Macs will average smaller sizes than normal. Some spot picking of Macs in early locations will commence in a few days, but picking will not be general for at least another week. The volume of tomatoes coming into the canneries has shown a marked increase during the past few days. Canneries are busy on beans, peaches and tomatoes. Potato growers are busy spraying for late blight.

There is a marked reduction in the amount of Pacific and red mite damage this year as compared with the past two years. Codling moth damage is less than at any time since it became a real factor in apple production in this district.

Summerland, Westbank and Peachland

As reported September 8:—Since last report the weather has been mostly bright and warm during the days with very cool evenings. Several degrees of frost were reported on higher points throughout the district on September 3 and 4.

ing and harvesting of seed crops. ing and harvesting of seed crops. Nearly all mangel crops are already threshed. Rutish and early lettuce crops are also being threshed while medium lettuce crops are being cut at present with late varieties showing promise of producing seed if the good weather continues. Onion heads are being clipped as they mature, a fair percentage being salvaged from wind and mildew beaten crops. Carrot seed is not filling nearly as well as expected earlier but will yield light returns. Petunia fields are being cut and placed in trays to dry.

As reported September 8:—Since last report the weather has been mostly bright and warm during the days with very cool evenings. Several degrees of frost were reported on higher points throughout the district on September 3 and 4.

ing and harvesting of seed crops. ing and harvesting of seed crops. Nearly all mangel crops are already threshed. Rutish and early lettuce crops are also being threshed while medium lettuce crops are being cut at present with late varieties showing promise of producing seed if the good weather continues. Onion heads are being clipped as they mature, a fair percentage being salvaged from wind and mildew beaten crops. Carrot seed is not filling nearly as well as expected earlier but will yield light returns. Petunia fields are being cut and placed in trays to dry.

Digging of warba and netted gem potatoes for seed purposes has commenced with a small percentage of tubers showing blight infection. Tubers have matured well following removal of tops with the deviner or top beater. Most onion bulbs have been lifted and are undergoing drying and curing. Carrots are not moving to market and will remain in the fields for another month.

Empire reds and wealthies have moved to market. McIntosh will be moving in about ten days but lack size. Flemish beauty pears are being packed at present as well as Italian prunes.

Creston
As reported September 8:—Weather conditions for the last two weeks have cleared considerably. Warm days and cool nights were experienced throughout. Two light frosts were reported in isolated areas. No damage was recorded.

In apples, all varieties earlier than wealthy have been harvested. Wealthy harvest will be completed by this week. In pears, Bartlets are being picked with Flemish beauty coming off. Early prunes have been picked with the Italian prune fast approaching maturity. Vedette peaches will be harvested this week.

In vegetables, good supplies for the local market are available. Tomatoes are coming off in small volume. Raising is very slow in potatoes. Many plantings are showing late blight. Top removal is being practiced to reduce tuber infection.

In the orchards, apple scab has reduced yields. Mites are showing a definite increase and are retarding sizing. Cotyrium blight in peaches and apricots has increased. Spray for this disease will be applied shortly.

DENTAL ODYSSEY
SALDANHA BAY, Cape Province, South Africa (CP) A fisherman recently lost his false teeth when his boat sank in stormy weather. He had put them in his jacket just before the sinking. A week later the jacket was washed up on the beach. The teeth were returned to the owner.

LODE CHAPTER MAKE MANY DONATIONS

The Mary Ellen Boyce Chapter L.O.D.E. this month resumed their monthly meetings at the home of Mrs. Bob Phipps. Since the last meeting donations have gone to the following: \$50 to the flood relief fund; \$50 for the Old Folks home; \$10 for the Salvation Army; \$10 to adopted school library at Fort Nelson; 500 pounds of clothing was collected for the flood victims. Mrs. T. Stanbridge was appointed ex-service convener, and Mrs. Brown.

Bob Phipps was elected to represent the chapter at the film council.

Mrs. B. Wallace, of the Mary Ellen Boyce Chapter held the lucky ticket on the purse drawing which put on by the group to aid in raising funds for the flood relief fund.

Mrs. W. Sanborn gave an interesting report on the White Cane Club.

It was reported that Mrs. Rupert Brown and Mrs. W. Sanborn made eight boxes of lunch for members who made the trip to Gambler Island.

The next meeting will be in the form of a social with showing of films at the home of Mrs. R.

NORTH OKANAGAN VALLEY NEWS ROUNDUP

IMPROVED WEATHER CONDITIONS have resulted in a speeding up of operations at the Vernon canning plant of Bullman's Ltd. A crew of 175 to 180 men and women are running two canning lines on tomatoes and a small amount of tomato puree. Peaches are also being canned and prunes are being frozen.

To date the plant has handled only about one-half the pack processed to an equivalent date a year ago. Last year was not a good season, but total output was increased through an exceptionally late run in October.

AN INCREASE OF CLOSE TO 2,500 names has been made in the provincial voters' list which is being drawn up at the present time at the government office at Vernon. Approximately 10,000 names are on the list at the present time compared to the 1945 total of 7,600.

A WELL-KNOWN REVEL STROKE RESIDENT, S. E. "Frank" Cranston, stopped down from the cab of engine 5928 last week when the big engine came to a stop with train No. 3 from Field, marking the end of a long career with the C.P.R. Charles Reid, superintendent of the Revelstoke division, other C.P.R. officials, railway associates and many friends were on hand to see the veteran engineer commencing his retirement and wish him well. He joined the C.P.R. in Vancouver, May 2, 1902, and was in his 47th year of service when he retired.

HON. E. C. CARSON, minister of public works, informed local authorities that the provincial government intends next spring to embark on an improvement program to the Trans-Canada Highway in the Salmon Arm vicinity. Work on the construction of a bridge at Sicamous is scheduled to start this month. Delay in this project resulted from the fact that all material originally destined for the bridge except one carload, was re-allocated to repair or replace bridges in other sections of the province damaged or washed out by floods last June.

A REPORT ON THE PAVING being done in the Merritt district shows that four out of the nine miles between Yale and Hope are completed. Two shifts are still working at Lytton, three miles of light mulch paving will be laid west of Lytton where the road is being re-constructed. On the Spence Bridge road, about one and a half miles of the five miles near Dot to be paved are completed, and work is continuing on the remainder of the road. This will make a splendid strip when completed.

MERRITT SCHOOLS re-opened last week with an enrolment of 300 — an increase of 52 over last September's enrolment. Three new teachers have joined the staff.

VERNON'S MAIN STREET, Barnard avenue, received a final coat-

ing last week, and while no estimate of the cost of the work has been made, the city engineers do not believe it will be too expensive. He said the public had shown the same disregard for barricades as when previous road work had been done. The traffic got on the street again before the flush coating had set, he told the city council last week. At the present time blacktop work is being rushed on the road paralleling the Vernon Fruit Union. It is necessary to get this done before the McIntosh rush begins. Other road improvements will be pushed as soon as possible as long as the weather remains favorable.

GOOD PRICES OBTAINED AT LAND AUCTION

Several Pieces of Property Purchased by Kelowna Men After Spirited Bidding

Although attendance amounted only to about 20 people, the average of sales made was fairly high at the Provincial land auction held in the Vernon Court House last week. At the auction, 15 parcels of land in the North Okanagan area were sold out of the 24 properties listed by A. E. Wilson, Government Agent.

This contrasts with 1947 when 40 out of some 70 parcels were sold and 16 of 99 were purchased. In percentage, the figures are 62, 60 and 16 sold from 1948 to 1946 respectively.

On two of the 15 occasions spirited bidding came from the floor. As the last parcel came under the hammer, Maurice Chaplin, of Westbank, and G. C. Browne, of Westbank, engaged in a bidding duel. From the upset price of \$92.78, the bids jumped to \$100, were raised four times and finally fell to Mr. Browne for \$185.

\$300 Boost
Biggest boost over the upset price came from a parcel offered at \$30.39. This was sold for \$460 to Anthony Trenn, of Kelowna. Another lot was offered at \$50.29 and this was purchased for \$200 by a Kelowna man, George L. Doran. The lands in the list of the Vernon Assessment District belonged to assessed persons who failed to pay taxes due up to and including the year 1946. Owners of the property in which to regain the property before it becomes the property of the public auction purchasers.

The "upset" price, at which most of the remaining parcels were sold, includes the amount of tax arrears, interest, costs and expenses. Lands not sold, even at the upset price, revert to the Crown.

CENTRE NET CLUB ACTIVE

OKANAGAN CENTRE—The Okanagan Centre Junior Tennis Club has been enjoying an unusually active fortnight, taking advantage of the beautiful weather with three tournaments.

The first two were against Oyanma juniors, one at Oyanma and one at the Centre. Both were won by the Centre team which included Shirley Nuysens, Joan and Valerie Van Ackeren, Ross Baker, Albert Crandlemire and Terry Gibbons.

On Thursday last a team from the Kelowna Junior Club was entered.

SWIVEL CHAIR FARMING

By "Agricola"

This is the season when active Women's Institutes stage fall fairs. The class at these fairs that interests me most is that titled "Something New from Something Old". I take off my hat to these ladies who can produce a neat little suit for Junior from the material in an old pair of pants discarded by father as too worn to justify repair. However, I think it is a good thing for the ladies that Bill Nelson has never entered an exhibit in this class as I am confident that he would win first honors.

When I went to the Experimental Station last week, I found Bill busy working on plans to create up-to-date laboratories and offices from the lumber salvaged from the original packing house section of the Horticultural Building.

It was this same Bill Nelson and his brother Tom who constructed this packing house away back in 1921. Bill tells me that that was a really cold winter and it was found necessary to heat the gravel to make the concrete from which the common storage chambers in the basement of the building were constructed. These common storage chambers have rendered great service to the B.C. Fruit Industry. It was in these chambers that the experiments were conducted which revealed practical methods of controlling the disorder, Jonathan Breakdown. Similarly, the results of harvesting and storage experiments conducted in these chambers provided the pear harvesting recommendations which are followed throughout the Okanagan today.

During the past 27 years, several important additions have been made to the original Horticultural Building — for example, the fruit and vegetable processing preparation room and the chemical laboratories which go with it. More recently a laboratory for plant nutrition and irrigation studies has been constructed and equipped. Cold storage chambers and three low temperature rooms for frozen pack work have been installed. Now it is the plant breeders, A. J. Mann and F. W. L. Keane, who are securing modern laboratory facilities. The plans for the building which is now being renovated call for two new well equipped laboratories and a spacious workroom on the main floor. There will also be an upper story with space for offices and a combined library and conference room.

Here's wishing the best of luck

EAST KELOWNA

Mr. and Mrs. E. O. Middleton and Harry spent the holiday week-end in Revelstoke.

Mr. and Mrs. Vic Smalles and family, with Mrs. L. Senger, and little daughter, have returned from their holiday spent visiting relatives in Saskatchewan.

Mr. F. D. Price is spending a two month's vacation at his home on the lower bench. Mr. Price arrived from Winnipeg during the week.

Mr. and Mrs. P. Mangel, of New Westminster, and Mr. and Mrs. Paul Mangel, of Vancouver, were the guests of Mr. and Mrs. John Kam during the holiday week-end.

Bob Rogers of the R.C.A.F. is spending his leave with his parents, Mr. and Mrs. R. W. Rogers.

Mr. L. G. Butler has returned from a business trip to the States.

Mrs. J. Walker, who for the last six months, has been a guest at the home of her sister-in-law and daughter, Mr. and Mrs. Bill Wilcox, left during the week to return to her home in Lancashire, England.

Mr. and Mrs. H. Herbert and Larry, accompanied by Mr. and Mrs. Cap Rieger, were week-ending at "the Spot" auto camp.

Mrs. G. Strang, who has been a patient in the Kelowna Hospital, is recuperating at home.

George Demery, of the R.C.A.F., who has been a guest at the home of Mr. and Mrs. R. W. Rogers for the past week, has left for his home in Winnipeg.

Miss Eileen Graham has left for Victoria where she will resume her music studies.

Mr. and Mrs. H. S. Anderson, of Sorrento, B.C., were guests at the home of Mr. and Mrs. A.M. Thompson for the week-end.

John Fitzgould left on Saturday for U.B.C. He was accompanied by his brother, Rex, who will attend St. George's School, Vancouver.

George Van Dyke who was a patient in the Kelowna Hospital, has returned home, where he will have two weeks' rest before going back to business.

Mrs. Bill Wilcox, who will be leaving the district shortly to join her husband in Kimberley, was the recipient of a very pretty cake plate.

At the Centre with Daryl Dalco, Irene Oatman, Valerie Winter, Bob Busch, Bruce Catchpole and Teddy Van der Vliet, playing for the visitors, while the home team included Joan Van Ackeren, Ethel Ulrich, Ross Baker, Albert Crandlemire, Kenneth Nuysens and Valentine Ulrich.

The visitors took home the larger score.

On Saturday, five of the Centre youngsters, none over fourteen — entered in the Valley Junior championship tourney held on the Kelowna courts. The party included Ethel Ulrich, Joan Van Ackeren, Ross Baker, Albert Crandlemire and Valentine Ulrich.

Agnes considered, they came out exceptionally well as Joan and Albert were well toward the top in several events.

The Centre seniors played off the finals on Sunday afternoon of the mixed doubles American tournament for the Rainbow Cup. The trophy was captured by Mrs. Falow and H. Van Ackeren from Mrs. Van Ackeren and T. Collins in the four close games, 6-4, 6-4, 9-7, 6-4.

MOTORCYCLE CLUB NEWS

By MONA BARBER

Ray Barber of Kelowna Motorcycle Club won the Interior championship in the 45 class for the second year at a hill climb held at Kamloops Labor Day. Some 27 members of the local club made the trip to the Hub City to cheer on its four entrants.

It was a successful climb, a warm day with lots of dust and an enthusiastic crowd. Kamloops' Norman Hallmark won the open event, with Dave Stern of Oroville second and Ray Barber third. It was a close race, with only one-quarter of a second between the first three riders over the top.

First Club Run

On Sunday, August 29, we had a club run to Enderby for a picnic lunch, followed by contests in the afternoon. The road captains are to be congratulated on the way they handled the long line of riders in this, the first club run of the year.

After lunch the boys went through a heavy sports program with riders from Vernon and Kamloops taking part.

The potato race was the most popular event, while the egg-and-spoon caused lots of laughter. The miniature T.T. took its toll of bikes and riders, the grassy field causing

some wild skids.

Altogether it was an enjoyable outing and we only regret that the weather this year wouldn't (or didn't) permit more such get-togethers.

Norse adventurers reached Labrador 500 years before Columbus made his discovery of America. Lief, son of Eric the Red, landed there in the year 1,000 and reported the place to be a worthless land of rocks.

STOCK SADDLES

HAND MADE TO ORDER OR STANDARD

Our saddles are hand made from heavy skirting saddle leather, with heavy bullhide covered trees. Made to your individual order, or standard make, for everyday ranch use or show work. Plain, basket-stamped, hand-tooled or silver mounted. Sizes 13½" to 16" seat supplied with any type tree.

server, though, has been brought about by modern canning techniques, opening up packaging possibilities for a number of new products. As Helen Abell, home economist for the American Can Company points out, some 43 kinds of fish and more than 40 kinds of meat are now packed in cans. While not all are readily usable as hors d'oeuvres, they do include a wide variety available for these popular snacks.

In addition, says Miss Abell, many other entertainment delicacies are now packaged in metal containers, including nuts, olives, cheese, date nut roll, etc., to make the hostess' task a lot easier.

Objective Achieved Through Lighting and Partly Due to Layout of Store

Now Is the Time to Make a Thorough Inspection Before Winter Sets In

CHECK-LIST

Methodical Check-up Will Pay Dividends Later When Cold Weather Arrives

The whole store a show window. That has been the objective of Bennett Hardware in the remodeling of the Crowley block on Bernard Avenue to make way for the new furniture department which officially opened this week.

It has been achieved partly through lighting and partly through the layout. Realizing the need for sufficient lighting in a store whose area takes in 20,000 square feet of floor space from the main street to the lane at the rear, Bennett's have installed fluorescent lighting throughout the store. In addition to this, the architectural design is in the modern manner, which makes great use of glass.

The entire store front is glass inset in chromium and interspersed where structure requires it, with pillars faced with cream blended with peach viollette.

Entry is gained through a plate glass panel door, with smart handles of chromium. Once inside either the hardware or furniture store, the premises present a long vista of tables, loaded with attractive goods, featuring home appliances, artistically arranged and set off well under the glow of fluorescent lighting. The main floor of both stores is unobstructed save for central columns which have been converted into display pyramids. Shelves are stacked with electric toasters, hot plates, radios and other small goods, that contribute so much to a home, such as book ends, boudoir lamps, ash trays, pictures and mirrors.

Table Lamps

Also on display are a variety of floor and standing lamps, table lamps, smokers' sets, electric stoves, refrigerators, washing machines, chesterfield suites, china-ware, luggage, bedding and various other household needs.

In another section of the double-store, one finds a variety of small wares. Here is a grand display of tools, garden equipment and kitchen utensils. Here also are to be found many of those things for which the housewife has pined during the past seven or eight years — electric toasters, sandwich toasters, aluminum pots and pans, flame and bake-resistant oven-ware and casseroles and even one item that has certainly been a rarity for many years — a waffle iron.

LOCAL GIRL HOME FROM NEW ZEALAND

Miss Rosemary Stiehl, a local girl, arrived home after spending last week after spending a year in New Zealand. She is the daughter of Mr. D. G. Stiehl, Abbott Street. Miss Stiehl and Miss Muriel Gervens went to New Zealand together last year but Miss Gervens took such a liking to New Zealand that she decided to stay there.

While there they worked at many things, including office work, factory work, and tobacco planting. She said the climate compared favorably with the Okanagan in the summer but winters are much warmer than those in B.C.

MacDonald Advises Against Paying Increased Salary Demands After Estimates For Year Are Prepared

Written Specially for The Courier
By ROBERT PHILLIPS
Canadian Press Staff Writer

The Union of British Columbia Municipalities meeting at its 45th annual convention recently at Harrison Hot Springs named Mayor Percy E. George of Victoria its president for the coming year and considered an agenda of municipal affairs from social services to extension of the British Columbia franchise.

Mayor George, its former vice-president, will succeed Mayor William H. Mott of New Westminster. The union's lengthy discussions and deliberations upon social service problems resulted in a four-pronged recommendation to the B.C. government in which it moved to ask the government to:

1. Assume the entire cost of tuberculosis and cancer treatment, and the maintenance of children who become wards of the municipality.
2. Provide all social service investigations and supervision within the municipality for a nominal fee.
3. Extend its present 80-per-cent social service grant to cover indigent funerals.
4. Assume in conjunction with the federal government all costs of social services for old age pensioners and grant the old age pension to wives over 50 of recipient pensioners.

Social Service

The social service discussions came on the heels of the dominion government's announcement that all nine provinces have now accepted its proposed national health scheme presented in 1945 for an all-province co-operation in a more than \$250,000,000 plan.

Municipal affairs minister MacDonald attended the meetings and advised the municipal officials against paying increased wage demands in their communities on the grounds that short-term increased demands could not have been budgeted for in the local government annual estimates.

On the wage-increase issue, the union voted to ask for an amendment to the B.C. Municipalities Act to allow arbitration awards to civic employees free from restriction by other government legislation. The temper of the union

stated it felt arbitration awards ought to be effective within a stated time following the agreement and in the same year.

The gamut of issues discussed by the 141 delegates from 28 cities, 22 district municipalities and eight villages brought up some snarls on which they could not agree. They did not accept the Kootenay's suggestion that teachers ought to qualify for election to municipal councils and following the most heated debate of the three-day meeting turned down a Trail motion asking that municipal councils acquire the right to refuse licences without explaining reasons to the applicants.

On the whole, however, the convention met with success and managed to pass through more than 60 resolutions.

Chinese Franchise

Highlight of its final sessions was the full-hearted approval of an extension of provincial franchise to Canadian-born and naturalized Chinese citizens. Two representatives of the Chinese Benevolent Association of B.C., Denis Murphy, solicitor and Foon Sien, president, urged the recommendation on the union.

Mr. Sien said: "Chinese always try to be law abiding, pay taxes, contribute to charity. They should have the vote."

To administer its many-sided recommendations and to manage its affairs for the coming year, the union elected Reeve Solomon Mussalem of Maple Ridge, its first vice-president, and Mayor T. H. Waters, of Nelson, its second vice-president. Other officers named were Commissioner A. D. McRae, of Mission, village representative; and R. R. F. Sewell, of Victoria, its secretary-treasurer for his 16th term.

The union approved Victoria as its site for its 1949 convention and appointed an eight-man council composed of: Mayor Nora Arnold of Prince Rupert; Acting Mayor George Miller, Vancouver; Reeve R. M. Grauer, Richmond; Mayor George Muir, Nanaimo; Ald. J. W. Johnson, Penticton; Mayor W. J. Moffat, Kamloops; Reeve L. S. Medford, Salmon Arm; and Reeve E. C. Warren, Saanich.

BUY RARE BOOK

LONDON, Ont. (CP) — "In the Days of the Canada Company," story of the settlement of the Huron Tract, has been bought from the late Viscount Bennett's library by the University of Western Ontario. The book, published by a Toronto firm in 1890, has been out of print for years.

REMEMBERS 1853 PARADE

CHOBHAM, Surrey, England (CP) — William Tyler, 100, a farm worker for 68 years, recalls being taken to see Queen Victoria review 10,000 Crimean War troops in 1853.

VETERANS BECOME LAWYERS

HALIFAX (CP) — Sixteen young veterans of the Second World War, all graduates of Dalhousie Law School, were recently admitted to the Nova Scotia Bar.

NEW LOOK PARACHUTE

WINDSOR, Ont. (CP) — One young Windsor woman has discovered that the new look is not the best apparel for windy days. Sitting on the bank of the Detroit River, she was about to get up when the wind caught her billowy skirt causing her to lose her balance and plunge into the river.

STAMP ISSUE POPULAR

LONDON (CP) — Stamps issued to commemorate the Royal silver wedding have nearly all been sold. It was announced recently. Post offices sold more than 147,000,000 of the 2½d. (five cent) issue.

CAUSED BY GLANDS

Freckles come from an irregular pattern of pigment that is produced by the adrenal and pituitary glands.

Weddings

FARRIS-TAYLOR

A large wedding of local interest took place at St. Andrew's Anglican Church, Okanagan Mission, on Monday, September 6, at which Rev. F. D. Wyatt officiated at a ceremony uniting in holy matrimony Alice Margaret Taylor, youngest daughter of Mr. and Mrs. H. Taylor, of Grantham, England, and Herbert E. Farris, Okanagan Mission, B.C.

The lovely fair bride was given in marriage by her aunt, Mrs. Harry Hill, of Kelowna, and was gownned in a two-piece aqua blue mass crepe afternoon dress trimmed with gold buttons, navy sailor hat and navy accessories.

She carried a sheaf of pink gladioli and white carnations and wore a gold wrist watch, the gift of the groom. Miss Sheila Paisley, of Kelowna, was the bride's only attendant and looked charming in gold silk crepe afternoon dress with brown hat and accessories and carried a sheaf of mauve gladioli with white carnations. She wore a costume pin and matching earrings, gift of the bride.

The groom was attended by his brother-in-law, Mr. Eric Chapman of Kelowna.

The ushers were Mr. Ted MacKenzie, Okanagan Mission and Mr. Gordon MacKenzie.

Mrs. F. D. Wyatt was organist. Following the ceremony, a reception was held at the home of the groom's parents, Okanagan Mission, where a delightful buffet lunch was laid for over 70 guests.

The long table looked lovely with pink gladioli and pink sweet peas centred with three-tiered wedding cake, flanked by shell pink tapers in silver holders. Decorations throughout the room were pink and mauve.

The groom's mother assisted in receiving the guests and was dressed in royal blue crepe with Quaker grey felt hat and corsage of pink and white carnations.

Presiding at the urns were Mrs. E. Apsey and Mrs. J. Evans. Servers were Mrs. Norman Apsey, Mrs. Eric Chapman, Miss Marjorie Thomson and Miss Winnifred Tuckett.

For travelling the bride wore a brown suit with matching sailor hat and tan accessories and corsage of pink and white carnations. They left by car for a ten-day honeymoon trip to the Arrow Lakes and on their return will take up residence in their new home at Okanagan Mission.

SURVEY SHOWS COLD WAVES DO NOT HARM WOMEN

Of interest to women who have switched to home permanent waves, is an article carried in the New York Times headed: "Cold Permanent Waves Found to be Safe." Excerpts from this article read as follows:

"Cold permanent waves are safe, it became known yesterday. Twenty million women who have spent \$3,000,000 for home permanent wave kits in this country and Canada during the last four years, can be assured that stories about harm to their health or slight are unfounded rumors, according to the Food and Drug Administration. "George P. Larrick, assistant commissioner to the administration, said that after tests on animals had been conducted for two and a half years, and consumer complaints had been checked, the bureau was 'totally unable' to find any indication of serious injury caused by the cold wave permanent treatment."

GREASE TRAPS SAVES CLOGGING OF DRAIN PIPES

Removal of grease from waste water has been found to prevent clogging of drains, and reduces the cost of maintaining the plumbing system.

Most modern restaurants and hotels as well as many up-to-date homes, have grease traps installed in the kitchen to collect the grease contained in dishwasher and to prevent lining of waste pipes with a coat of solidified fats.

CAKE MARKS ANNIVERSARY

REGINA (CP) — Passengers aboard Canadian Pacific Airlines planes in Saskatchewan August 4 were handed a note of birthday commemoration the 10th anniversary of a scheduled domestic air service begun under the name of Prairie Airways Ltd.

Building of Healthy Bodies Should Start When Child First Commences School

The purpose of this article is to look into the place of health education and practice in the school. It is generally recognized that health is largely the result of mistakes which could have been avoided, had there been fuller knowledge and greater care. It is at school that for the first time every child's health can be assessed, and deficiencies corrected. There, if anywhere, is our golden opportunity for constructive work in building a healthy Canada.

The only limitations on health progress in any age are the bounds set by the growth of scientific knowledge, the willingness of those in authority to introduce advanced ideas, and the readiness of people to pay the cost, a cost which is low, relative to the resulting good. People with vision realize it is no longer satisfactory to merely detect measles, chickenpox, mumps and other "children's diseases," and isolate the victims. The new and only sensible idea is to get at the cause, and to build children up, both mentally and physically, in order that they will not succumb to the disease when it does appear.

Children born around the beginning of this century had the prospect of an average length of life of only 49½ years, while those born in 1947 may look forward to an average life of 66½ years.

Life has become safer for children, but it is hardly correct to refer to the death rate in that disease as having "dropped" or "declined." It was pushed down by the advancing field of medical science, the outstanding victories achieved by medical research men, and the active co-operation of parents and schools.

Improved standards of living, too, have taken as their chief beneficiary the infant and the child. This year's baby will have more baths in the first twelve months, than Frederick the Great had in all his life. Today, we have abandoned the 19th century's mystical absorption with "survival of the fittest" and we are trying to do something about the unfitness of some of the survivors.

What we need today is a gripping sense of the possibilities of healthful living, and to get away from dependence for satisfaction upon the reduction of death rates, and the lowness of mentality, and even absence of disease, are not satisfactory standards for this age.

Health instruction in the schools is a positive duty of the teacher. It cannot be left to occasional talks by the school physician, or advice from a physical training instructor. The aims of health education should be practical: (1) to bring about correct bodily development through physical activities such as games, exercises, and dances; (2) to make the physical constitution stronger through development of sanitary and health habits; (3) to detect, and thus take the first step toward preventing or stopping physical upsets such as are caused by dental defects, eye, heart and stomach disturbances. Explanations for all health habits should be given. It is no longer sufficient to merely give orders, as even children in elementary classes look for the why and wherefore.

Health Education Health education should be spread through the whole curriculum, instead of being tacked on as an appendix to a course in physiology and hygiene. And it should not be a "once a week" class, for particularly in the lower classes it is important that the children out with good health habits, and if they are to remember them at all, then teachers must continue to "drill it in."

It is a good thing to cure illness, and great skill is shown in the treatment of those smitten by disease, but it is a better thing to prevent illness. The policy of tuberculin tests for school children is steadily growing and travelling clinics for the treatment of early detection of tuberculosis, within reach of a substantial proportion of the school population and the young adult group. Means of protection against diptheria, and whooping cough, available to the public, free of charge, have done marvellous things in the prevention of these diseases. Smallpox has ceased to be a serious menace in communities where vaccination is required. The incidence of gonorrhea among children has been greatly reduced by the administration of iodine in various forms. The condition of the teeth of our children is still shockingly bad, said an article in a recent Life Insurance Bulletin. "Surveys show that more than 95 per cent of the children reaching the age of 15, have already experienced some decay in their permanent teeth." Dental decay is largely the result of defective nutrition. Leading

— RECIPE HINTS —

Veal steak and a dish of well-buttered golden corn will appeal to the men in your household.

Spicy Veal Steaks

One and one-half lbs. veal shoulder steak, 2 tbs. flour, 1½ tsp. salt, 1 tsp. ginger, 1½ tsp. dry mustard, 2 tbs. fat, 2 onions, sliced, ½ cup hot water. Wipe meat with a damp cloth. Mix together flour,

salt, ginger, mustard and pound into both sides of meat. Melt fat and brown meat on both sides in hot fat. Cover with sliced onions, add water. Cover frying pan and cook slowly until tender for 1 to 1½ hours. Six servings.

For the Children

See Yourself As Others See You

IN THE LOOKING GLASS

Since school started last Tuesday boys and girls all over the valley will be spending some time every morning before the mirror making sure they look spick and span for the day's classes.

But did you ever wonder about that object that enables you to "see yourself as others see you?"

Although the looking glass as you know it today, is a fairly new

invention, in the fourteenth century, every woman in Venice owned her own mirror. But the mirrors of the beautiful Greek women were made of bronze, or plaques of polished metal. Later on an alloy of mercury and tin was used, but that proved unsatisfactory, due to the fact that it turned yellow when exposed to the light. The name mirror itself, comes from the name of the city Venice, then called Murano, because Venice was so famous for its looking glasses.

In the England of olden times, mirrors were carried in the belt and bronze mirrors of ancient make are still used in Japan.

Today the mirror is simply a sheet of glass with a thin coating of silver on one side. The plate glass is laid face downward in a shallow pan, and a solution containing silver is poured over it. Another chemical is added, which frees the silver, and it settles on the surface of the glass. A thin layer of metal is then applied to protect it from the air. After all these processes are completed, the mirror is ready for your use, and will keep bright for many years.

VISUAL CARE Is Important!

The eye is an extremely complex and delicate part of the human body. Eye troubles often are noticed by such symptoms as headaches, squinting, fatigue, backache and other complaints, but the originating trouble may be due to one of many causes. Errors in focusing the eyes will tend to acquire faulty habits of seeing. Such errors may be quickly detected by an Optometric examination and corrected by the use of specially prepared lenses. Because such defects become deeper seated as the eyes get older, it is a wise precaution to take preventive measures.

BRITISH COLUMBIA OPTOMETRIC ASSOCIATION

Canadian Fashion

Shown above, is a wine colored lace, in a simple gown from the Alfandri collection. The long torso effects ends in a great sweep of the lace, and the hands.

dentists of today recommend sufficient milk, fruit, vegetables, eggs, and meat, and a daily dose of fish-liver oil during the eight colder months of the year.

Another important point is nutrition. The school lunch should be mentioned as one agency which is operating as a health influence in many schools. Eating places in the school provide a wonderful opportunity for instruction in good nutrition and development of good eating habits.

Physical Education And in the field of physical education, it must be remembered that more than just exercise is involved. Knowledge must be given of action, rest, and diet. When the "why" is explained the pupil will better understand the demand made that athletes must be temperate in their way of living as well as submissive in training.

One of the biggest issues at stake in a school is the individual development of each child. There are many problems that arise in the child's mind that might lower his I.Q., and that give a satisfactory reading. Our schools cannot disregard any emotional side of a child's life in favor of concentration on his intellectual development, any more than they can ignore the physical health side. Intellectual fitness, physical well-being, and mental health are so interdependent that the wholeness of an individual cannot be achieved if any one is neglected.

The penalty of health in childhood is very heavy. A good start all over the country has been made in the efforts of teaching health habits to our children, but it is merely a start. Only unremitting effort, intelligently directed by those responsible, supported by the resources of the community, can adequately fulfill the obligation.

FOR A Velvet Blend... USE **Carnation**

... you'll say "magic"

Creamy-smooth Carnation is wonderful for cooking. It velvets blends perfectly with other foods, in all milk-rich dishes. It whips... it's so easy to use — if the recipe calls for milk, use half Carnation and half water; if it calls for cream, use Carnation undiluted, as it pours from the can.

Remember that Carnation is just good, whole milk, evaporated to double-richness, heat-treated and homogenized for smoothness and safety, irradiated for extra vitamin D — 400 units to every pint.

FOR BABY ask your doctor about a formula prepared with safe, nourishing, digestible Carnation Milk — universally approved for babies and children.

Many Enjoy Kiddie Kaper Dance Sponsored by Aquatic Auxiliary

The lounge of the Kelowna Aquatic Club was gaily decorated Wednesday night when scores of people turned out for the Kiddie Kaper Dance. The dance was held under the auspices of the ladies' auxiliary to the Aquatic Club, as a result of numerous requests for another dance similar to the Harvest Hoe Down, which proved a success. Mrs. Marie Walrod convoked the affair and was ably assisted by Mrs. Sally Winter and Mrs. Pat Trueman.

The dance hall was gaily decorated, the general theme being a children's playroom. The walls were decorated with large sheets of paper with nursery rhymes suitably illustrated with birds, flowers and animals.

At the head of the room were three little blackboards with the usual "readin', 'ritin' and 'rithmetick." Several posters exhibited musical themes, circus themes and one particularly charming drawing was of Old Sol with a grin on his face and an old straw hat on his head, looking through a cloud. In charge of the decorations was Joyce Austin, assisted by Jessie McEachern and

Betty Lewers. Dancing was to Carl Dunaway and his "Dead End Kids" with several novelty numbers by Kay Dunaway.

ROYAL ANNE BEAUTY SALON CHANGES HANDS

After an extensive tour of British Columbia comparing the various cities and towns, Mr. and Mrs. M. V. Hillier have chosen Kelowna as the most ideal spot in which to live, and have purchased the Royal Anne Beauty Salon, formerly operated by Miss Margaret Bonnell.

The newcomers have also bought a home in the city, and although they have been here less than two weeks, they already feel the benefit of the Okanagan climate. With seventeen years experience in the hairdressing business, Mr. Hillier is fully qualified to offer an excellent service. Added to this is the fact that he served eleven years on the executive and three years as president of the Hairdressers Association of B.C., also three years on the examining board.

Hair Stylist

Valuable knowledge was gained when Mr. Hillier spent three months of supervised training with M. Louis, one of America's leading hair stylists who is also head of the renowned American Hair Style Institute.

Under the capable direction of Mr. Louis, who has the honor of designing hair styles for Harper's Bazaar and Vogue magazine, Mr. Hillier acquired information and skill that, added to his many years of practical experience, fully qualifies him as a hair stylist. Designing hair to the individual, according to facial contours, features, and specializing in machineless permanent waving. Mr. Hillier offers courteous consultation and advice. He is capably assisted by Helene Neid.

Mr. and Mrs. Hillier have two daughters, aged 7 and 9. Keen on hunting and fishing, Mr. Hillier hopes to do more of both since moving to Kelowna.

Women's Meetings

Women's meetings, for which no admission charge is made, may be advertised free of cost under this heading. Copy must be given The Courier before 5 p.m. Tuesdays and Fridays.

The Kelowna Women's Institute will meet for its first monthly meeting since the holidays on Tuesday, September 28, at 2:30 p.m. in the W.I. Hall. Business of importance to be considered.

EARLY SETTLERS

According to archeologists, people first began settling in the district around Rome some time around the year 1,000 B.C.

Mr. and Mrs. W. R. Ward, of Revelstoke, were guests at the Willow Inn for the past week.

Miss Ruth Ashton and Miss Phyllis Brown were co-hostesses at the home of Miss Brown's parents, Vernon Road, when they gave a miscellaneous shower in honor of Connie McGittigan. The gifts were attractively presented in twin baby cribs with dolls suitably decorated in each. Those present included: Miss Barbara Leckie, Mrs. Harry Crellin, Miss Mona Herbert, Misses Muriel and Grace Peterson-Cow, Miss Gwen Foulds, Miss Pat Bohn, Miss Millicent Richards, Miss Fennella Locock, Mrs. Charles dePuy, Miss Gwen Reece, Miss Bunny Tuddenham, Mrs. E. Worman, and Mrs. H. F. Brown.

Mr. and Mrs. Joseph Pirot announced the engagement of their second daughter, Therese Marie, to Mr. Gerald Roger Bird, son of Mr. and Mrs. Roger Bird, Bowmanville, Ont. The wedding to take place on Saturday, October 9, at 10 a.m. at the Church of Immaculate Conception, Kelowna.

George Pfleger has gone to Burnaby to attend the Junior Seminary of Christ the King to pursue studies for the Catholic priesthood.

Albert Bianco left on Sunday for Vancouver where he will attend Vancouver Normal School.

Violet Bain, Polly Heltzman and Doris Schmitzer left on Monday for Victoria where they will commence their studies at Victoria Normal School.

Loretta Salloum left this week for Victoria where she will go in training at St. George's Hospital.

Ernie Bianco left on Sunday for Vancouver where he will attend U.B.C., first year of Arts.

Mrs. T. Ashton entertained recently at a miscellaneous shower at her home of Richter Street, in honor of Miss Connie McGittigan. A recent bride elect, when some 14 friends gathered. Mrs. T. Tuddenham helped the hostess during the evening.

John Pantton and Jack Dawson left by car on Tuesday for Vancouver, where they will both continue their studies at U.B.C. John is in second year forestry, and Jack in third year commerce.

After a short holiday with his parents, Harold Shugg, has returned to Vancouver.

Gordon Shugg will be returning to U.B.C. for his third year of engineering after spending the summer months with the Union Steamships at the coast. This work was in connection with his engineering course.

Dick Stewart and Dave Leckie drove to Vancouver on Wednesday, where they will continue their studies at U.B.C. Dick is in his final year of commerce and agriculture and Dave is in his fourth year.

Mr. and Mrs. C. R. Bull and son Tony drove to Vancouver at the beginning of the week. Tony will continue his studies at U.B.C. and Mr. and Mrs. Bull intend to return to Kelowna at the beginning of the week.

Ian Hooper left Monday for Vancouver where he will take his second year of the University of British Columbia.

Miss Meta Black left last Friday for Vancouver where she will continue her fourth year at the University of British Columbia.

Mr. Michael Oswell is leaving for the coast to continue his third year of agriculture at the U.B.C. after spending the summer holidays with his parents.

Miss Grace Pearcey is returning to the coast after spending the summer holidays with her parents, Mr. and Mrs. G. F. Pearcey, Park Avenue. Miss Pearcey is taking third year arts.

American guests staying at the Ellis Lodge last week included C. E. Laurie, Republic, Wash., Ida May Abbott, Los Angeles, and Mr. and Mrs. L. C. Bouchelt, Wentchee, Washington.

A newcomer to Kelowna is Mr. B. Milledge, recently of Victoria. He is at present a guest at Willow Inn.

Mr. and Mrs. W. H. Taylor, of Vancouver, are holidaying in Kelowna for a week. They are staying at the Willow Inn.

Vancouver visitors to Kelowna who are staying at the Ellis Lodge include J. M. Smith, Mr. and Mrs. A. Parkinson, Mr. H. Brick, Mr. and Mrs. W. B. Paton, G. D. Forester, and James F. Park.

Lyle Horner left on Sunday for Vancouver where he will take his second year commerce.

Mr. and Mrs. T. J. Clemenson of Westwood, were recent visitors to Kelowna.

Sam Mazur, of Saskatoon, was a guest at the Ellis Lodge last week.

Mr. and Mrs. C. Morton, of Vancouver, spent a short holiday in Kelowna and stayed at the Willow Inn.

Allan Horner left Wednesday for Vancouver where he will take his fourth year in electrical engineering at U.B.C.

Rex Johnson of Calgary, was a guest at the Ellis Lodge for a few days this week.

Mr. and Mrs. W. Handlen and son, of San Jose, California, are holidaying at the Willow Inn.

Vancouver guests at the Willow Inn include Mrs. M. C. Wilson, Pat Walsh, Dorothy Marfleet, L. Hayes, Miss I. Fulton and Miss M. Fulton.

R. W. Gildert, Vancouver, Robert Huggard, Vancouver, and A. Kauback of Penticton are all guests at Ellis Lodge.

Mr. H. Ritchie and Mr. R. W. Ray, are staying at the Willow Inn while working on the new tug which is being completed in Kelowna.

Mr. M. J. Ricks, of Salmon Arm, spent the past week at the Willow Inn.

Joe Esso, Al Galbraith, and Bill Greenwood, left on Sunday by car for Vancouver where they will register at the University of British Columbia.

Marie Murdoch left this week for Vancouver to begin a four year teachers' training course at U.B.C. She is the daughter of Mr. and Mrs. Charles Murdoch, Bankhead.

Miss June Carter and Miss Jean MacGregor, of Vancouver, are guests at Ellis Lodge.

Lois Meldsted left last week for New Westminster where she will go in training at the Royal Columbian Hospital.

Mr. and Mrs. Stockmoe, and son, of Calgary, are staying at the Ellis Lodge.

Miss Joan Hansen left last week for Regina and will be attending Regina College for the winter.

Mr. and Mrs. R. H. Davidson of Westbank, announced the marriage of their daughter, Agnes Christina, to Lester S. Humphreys, youngest son of Mr. and Mrs. G. L. Humphreys, of Nkomis, Sask. The wedding took place on Tuesday, August 31, at 9 p.m. in St. John's United Church, Vancouver. Rev. Alfred E. Cook, officiating.

Miss Millicent Richards entertained at a house party at her home on Pender Street recently, in honor of Miss Connie McGittigan, who was recently married to R. Widmeyer. Friends who gathered for the occasion were Mrs. W. Crellin, Mrs. Doug Herbert, Mrs. John Barratt with Linda, Mrs. Keith Tutt, Miss Betty Lewers, Miss Joyce Maxson, Miss Joyce Austin, Miss Marie Frey, Miss Ruth Brydon, Miss Ruth Ashton, Miss Betty Bohn, Miss Joan Butt, Miss Pat Bohn, Miss Bunny Tuddenham, Miss Phyllis Brown and Mrs. Leonard Richards.

Miss Beatrice M. Fisher, a native of Kelowna, who until recently has been affiliated with a well-known drug company in Vancouver, has been appointed for the hair preparation department, drug store and beauty salons in Quebec, Ontario and the Maritimes. She will also supervise training and instruction in her territory for the United States-Canadian family firm of hair beauty experts.

Kelowna was well represented at the Mart Kenney dance held at the Vernon Civic Arena on Monday night. Mr. and Mrs. Walter Trueman, Miss Wilma Badley and Hugh Burbank made up a party. Another party consisted of Mr. and Mrs. Dave Hever and Mr. and Mrs. Tommy Hughes, Okanagan Mission. Other Kelownites present included Mickey Matheson, R. J. Bennett, Arnold Nelson, Paige, Mr. and Mrs. George Yockim and Bob Cousins, Ross May and Betty Lewers.

Mr. and Mrs. R. P. Walrod entertained a pre-dance party on Wednesday night prior to the Kiddie Kaper dance at the Aquatic, when friends gathered at their Pender Street home.

Mr. and Mrs. D. Schock, of Summerland, were visitors at Willow Landing for several days at the beginning of the week.

Visitors at Willow Landing included Mr. and Mrs. Hector I. Duggan and Miss Doreen Duggan, of Oyanam, and Mr. Ken Bostock, of Kelowna.

Mr. and Mrs. Hugh Shirreff, Leon Avenue, were pre-dance hosts when ten friends gathered at their home prior to the Kiddie Kaper dance.

Weddings

BLAKE-FAULCONER

The First United Church was the setting for a lovely fall wedding on Saturday, September 4, at 3:30, when Rev. M. Lees united in marriage Clara Anne Faulconer, daughter of Mr. and Mrs. G. F. Faulconer, of Kelowna, and Llewellyn Charles Blake, son of Mrs. H. Raby, Okanagan Mission. The bride's gown was of brocade satin with net over skirt and pearl necklace. The groom wore a tuxedo with a white shirt and a white bow tie.

The bride's gown was of brocade satin with net over skirt and pearl necklace. The groom wore a tuxedo with a white shirt and a white bow tie. The ceremony was officiated by Rev. M. Lees. The wedding party included the bride's mother, Mrs. G. F. Faulconer, and the groom's mother, Mrs. H. Raby. The bridesmaids were Misses Muriel and Grace Peterson-Cow, and the flower girls were Misses Muriel and Grace Peterson-Cow.

invited. Helping to receive the guests were the bride's mother, Mrs. G. F. Faulconer, who chose a navy blue crepe and satin ensemble with crepe bolero and white accessories. Her corsage was of pink gladioli. For receiving the guests the groom's mother, Mrs. H. Raby, chose for the occasion a flowered jersey with matching accessories with a corsage similar to the bride's mother.

The wedding table was attractively centred with a three tiered wedding cake flanked on either side with baskets of gladioli and shell pink candles. Pink and white streamers completed the table decorations. The sisters of the bride presiding at the urns were Mrs. J. Moan, Mrs. Dave Roberts, and Mrs. A. Belliveau. Servitors included Misses Gloria Holmes and Miss Elma Sanders. Edward Blake brother of the groom, gave the toast to the bride which the groom responded to in a few well chosen words. Out-of-town guests for the wedding were Mr. and Mrs. Len Lines and son Tommy of Winfield. Following the reception a dance was held in the evening at which 150 guests were present. Ken Lebeck and his orchestra played for the occasion.

For going away the bride chose a green gabardine suit with fish tail effect jacket and her accessories were brown. Mr. and Mrs. Blackie spent a short honeymoon at Woods Lake Lodge and upon their return will reside at 1137 St. Paul Street, Kelowna.

RAINBOW-BALKHAM
A quiet wedding was solemnized on August 14, 1948, when Edith Adeline, youngest daughter of Mr. and Mrs. E. W. Balkham, was united in marriage with Henry Charles, son of Mr. T. C. Rainbow, of Hedley, and the late Mrs. Rainbow. The ceremony was performed by the Rev. S. V. H. Radman, of Oliver, in the First United Church.

The bride wore a smart navy tulle, with an orchid corsage and white accessories.

Mrs. E. Rossiter, of Oliver, who was her matron of honor, wore a brown dressmaker suit with a corsage of pink and white carnations. The groomsmen were Mr. W. C. Cowie of Kelowna.

Mr. and Mrs. Rainbow left by car for a motor trip north and are now residing in Hedley.

KOSLOFSKI-RIMESOWSKI
A lovely late summer wedding took place on September 11, 11 a.m., at the Church of the Immaculate Conception, when Margaret, daughter of Mr. Wm. Rimesowski, was united in marriage by the Very Rev. V. W. McKenzie to Robert Ken, son of Mr. George Koslofski.

The attractive bride, who walked down the aisle on the arm of Mr. Paul Kish, was dressed in white satin with long tulle skirt, long sleeves, full skirt, and lace insert at the high neck which was outlined with beads. Her long veil was held in place with a coronet effect headpiece. Her only ornament was a string of pearls, the gift of the groom. She carried a bouquet of red roses. Donna Kish, dressed in yellow net, full skirted and small puffed sleeves, carried a small bouquet and carried the bride's long veil as they entered the church. The bride's only attendant was Janet Koslofski, who was attractively gowned in a mauve net over taffeta with a very full skirt, long full sleeves, and a low neckline. She carried a sheaf of yellow gladioli. Douglas Simpson acted as groomsmen. The ushers were Henry Rab and Harry Schaefer.

Following the ceremony a reception for about 65 guests was held at the Willow Inn. Mr. and Mrs. D. Simpson helped to receive the guests. The bride's table was covered with a lovely lace table cloth and centred with a three-tiered wedding cake, flanked by white tapers in silver candle-holders. The tea table was also covered with a lace table cloth, centred with a bowl of zinnias, and surrounded with white tapers in silver candle holders.

Mrs. J. Hoover and Mrs. Ross Donaldson presided at the urns. Those helping to serve were Isobel Love, Hazel Cosh, Mrs. D. Simpson, Mrs. F. Schafer, and Mrs. F. Koslofski. The toast to the bride was given by Mr. J. Hoover which was ably responded to by the groom.

For her going away suit, the bride chose a pale blue crepe with black accessories.

Mrs. Koslofski went to Saskatchewan for her honeymoon and will live in Kelowna on their return.

SEDMAN-BRYDON
The First United Church, Kelowna, was the scene of a pretty autumn wedding on Saturday evening, September 4, when Jean Helen, daughter of Mr. and Mrs. J. M. Brydon, of Kelowna, exchanged marriage vows with Howard Sedman, son of Mr. and Mrs. W. Sedman, of Victoria. Rev. V. D. M. Perley officiated.

The bride, given in marriage by her father, was charming in a turquoise jersey silk dress, with matching gloves and bonnet. She wore a triple strand of pearls, gift of the groom. Baby bronze chrysanthemums formed her miniature bouquet. Miss Ruth Brydon, as her sister's only attendant, was gowned in a gold afternoon dress with brown accessories, and carried a bouquet of deep bronze and white chrysanthemums. The groom was supported by his brother, Mr. Bruce Brydon, brother of the bride, and Mr. Brian Sedman, cousin of the groom.

During the signing of the register, Miss Gwen Hawes sang "Thanks Be to God."

Following the ceremony a reception was held at the home of the bride's parents, at 1956 Pender Street, where the guests were received by the bride and groom, and assisted by the parents of the principals. The bride's mother wore a brown ensemble, and Mrs. Sedman was gowned in burgundy silk with grey accessories. Both wore corsages of white carnations.

Mr. W. Shugg proposed the toast to the bride, to which the groom responded, and congratulatory telegrams were read by the best man. The bride's table was centred with a three tiered wedding cake and trimmed with white tapers in silver candlesticks and pink and mauve chrysanthemums. Mrs. M. Lewers presided at the tea table and servitors included Miss Fennella Locock, Miss Sheila Hampton, Miss Betty Lewers, Miss Mary Duck, Miss Marion Sedgman, Miss Margaret Shugg, and Miss Jessica Locock.

For a honeymoon to the coast, their home in Victoria.

the bride chose a cherry-red gabardine suit with black accessories, with a gardenias en corsage.

Out of town guests included Mr. and Mrs. W. Sedgman, parents of the groom; Mr. and Mrs. A. Sedgman, Marion and Brian; Mr. and Mrs. Keith Sedgman, Mr. and Mrs. T. Southern, Mr. and Mrs. J. Parrell, all of Victoria, Miss Betty Garmon and Miss Daphne Dean, of Trail.

Mr. and Mrs. Sedgman will make their home in Victoria.

**D. JOHNSTON
NEW HOSPITAL
PLAN OFFICER**

**Local War Veteran Takes
Over New Duties This Morning at Government Office**

Don Johnston, 25-year-old Great War II veteran, has been appointed district officer of the provincial government's hospital insurance scheme.

Mr. Johnston, whose office will be located in the government agent's office on Bernard avenue, took over his new duties this morning. A former employee of the Canadian Bank of Commerce, Mr. Johnston has been a resident of Kelowna since 1939, with the exception of the years he was in the armed forces.

Born in Winnipeg, he entered the local branch of the Bank of Commerce in 1940, enlisting with the air force in 1941. He was medically discharged the following year, and re-enlisted with the army, seeing service in Canada, England and France. He was wounded in France in 1944 during the battle of Caen.

Total 58 Offices
The B.C. government's hospital insurance program comes into effect on January 1. A total of 58 offices have been opened throughout the province. Residents will be able to register and pay their premiums at the Kelowna office, although it is understood many firms have instituted a pay-roll deduction plan.

Hospital insurance officials point out that under the act, every resident must register. Those who have not received registration forms in the mail, must obtain them from the nearest office, and fill in the required information immediately.

**STREET NAMED
AFTER PIONEER**

Tribute was paid to a pioneer resident of the Okanagan Valley and one of the city's first aldermen, when the city council Monday night unanimously agreed to name a street after R. A. Copeland.

Council agreed that the east end of Park avenue should be named "Copeland Place".

**PHYSICIANS
HOLD PARLEY
IN KELOWNA**

**Medical Profession Plans to
Hold Clinical Meetings Four
Times a Year**

Physicians throughout the Okanagan Valley met here Wednesday afternoon for a clinical conference to discuss matters pertaining to their profession.

Chief speaker was Dr. Caleb Stone, of Seattle, noted for his work in the care and rehabilitation of soldiers paralyzed as a result of war injuries. He delivered a paper on the care of paraplegic patients and another surgical paper. Papers were also presented by Drs. J. Bruce Mohr, D. M. Black and J. T. Cruise, all of Kelowna.

The session concluded with a dinner last night in the Willow Inn. During the afternoon, the visiting ladies were taken for a drive and entertained at the Eldorado Arms.

It is planned to hold similar clinical meetings four times yearly, alternating between Penticton, Kelowna and Vernon, with the guest in charge of program and arrangements.

More than 40 doctors from Salmon Arm to Osoyoos attended the conference.

**PLANS MADE
FOR VOTING
AT RUTLAND**

**L. W. Preston Appointed Re-
turning Officer for October
6 Plebiscite**

RUTLAND—The Rutland municipality committee, at a meeting in the Community Hall on Tuesday evening, decided to appoint Lawrence W. Preston as the returning officer for the plebiscite on October 6. As it is expected that there will be between 550 and 600 property owners eligible to vote, there will be a second returning officer as well as two poll clerks. Appointment of these was left in the hands of Mr. Preston. Owing to the busy season and the number of voters likely to wait until after working hours to cast ballots, it is likely that the polling hours will be the same as the liquor plebiscite, 9 a.m. to 9 p.m.

BIRTHS

BAUMGARTEN—A the Kelowna General Hospital, on Wednesday, September 15, 1948, to Mr. and Mrs. John Baumgarten, Rutland, a daughter.

FLINTOFF—At the Kelowna General Hospital, on Wednesday, September 15, 1948, to Mr. and Mrs. Archibald Flintoff, Peachland, a daughter.

**SITUATION
DESPERATE**

(From page 1, column 7)

Already packinghouses are preparing for dropping the temperatures in storage houses in readiness for the estimated 7,000,000 apple box crop which is expected to be harvested this year.

Undermine Efforts

"If there is a power failure during the height of the packing season, it will undermine the efforts of the Better Fruit Committee which has been stressing the need for careful handling of fruit with the minimum delay between the orchard and the packinghouse," Mr. Stephens declared.

"The voltage at present is 15 per cent lower than what is considered the minimum, and there is danger that many burned out motors will not be repaired in time for the crop season," he stated. "When Macs start to roll in volume, three times the number of motors presently being used, will be turned on," he added.

The Kelowna Growers' Exchange, one of the largest packinghouses in Kelowna, have only 25 per cent of their motors in operation.

For more than a year householders have complained over lack of power to operate household utilities, and up to now, the city has been blamed for the poor distribution. "We now have our house in order, and the trouble lies on the doorstep of the West Kootenay Power Company," Mr. Blakeborough stated. He said electric light voltage is down to 101 instead of the 110-115 volts, while the 250 volt circuits are down to 200 volts.

"We have examined every possible means and until West Kootenay can take care of the additional load, we cannot do a thing," the public utilities superintendent stated. It was suggested that a 500 kilowatt generator, owned by S. M. Simpson Lumber Company may be used to bolster the output, but

this was found impracticable. The general public may be asked to conserve electric power.

Mr. Blakeborough also suggested that the West Kootenay synchronize their plant with the B.C. Power Commission in order to give an extra boost, but Bert McKim, West Kootenay superintendent, told the Kelowna Courier, that this is not practicable.

Civic officials are concerned over the fact that should there be a break-down in power facilities, the packinghouses would be in a position to make a claim against the city. One spokesman stated that if packinghouses and other business firms make such a claim, the city in turn will make a claim against West Kootenay.

Following a long-distance telephone conversation with Mr. Lee, Mayor Hughes-Games stated that the power company has assured him that additional transformers will be rushed to Kelowna and will be installed immediately. These transformers will increase the amount of power available. His Worship stated that Mr. Lee claimed the 2,200 volts are insufficient to take care of the increased electrical load in the city, and suggested that this be stepped up to 2,400 volts.

Mr. Lee is expected in the city within the next few days to supervise the installation of the transformers.
